

## WITNESSES TELL OF TIP TO VOGT

Massillon Mayor Admitted Receiving Money, They Say

TESTIMONY IS COMPLETED

Governor Donahey Takes Case Under Advisement

COLUMBUS — (Associated Press) — Hearings before Governor Donahey on the case of Herbert H. Vogt, suspended mayor of Massillon, were completed today with the taking of testimony of witnesses placed on the stand by the prosecution in rebuttal to the defense evidence yesterday.

Governor Donahey announced he would take the matter under advisement and render a decision in writing as soon as possible, pending his decision, the governor said he would decide whether the cases of Safety Director Orrin Ames, Police Chief E. M. Erilo and Police Lieutenant Martin Cullen, jointly charged with the mayor, with laxity in enforcement of liquor and vice laws, would be heard.

Testimony taken today was marked by statements of two witnesses that the mayor had told them he expected a "tip" from a carnival company which appeared in Massillon and split it with Chief of Police Erilo.

Two newspaper reporters, Mrs. Leah Welch of the Canton Repository, and Fred Becker of the Massillon Independent, both said that the mayor had admitted to them that he had received an unnamed amount of money from a carnival concern in 1920.

WOMAN'S STATEMENT — Mrs. Welch said that the statement had been made to her by the Mayor when an investigation was being made in the city by a private detective who had represented himself as a federal officer. "The only thing Chief Erilo can have on me," Mrs. Welch quoted the mayor as saying, "is accepting money from the carnival company and splitting with the chief."

At the time the statement was made, it was presumed that the detective investigation was being directed at the police chief now also under charges of neglect of duty.

She also was told by Vogt, Mrs. Welch said, that former Safety Director R. H. Hickock who for a time acted as police chief, had wanted to start a cleanup campaign and that he had to restrain him, that people had come to him (Vogt) and told him that they had "fixed" it with Police Chief Erilo who later resigned and now is again chief, and wanted to arrange with him to operate houses of prostitution. Finally she was elected from the mayor's office, she said, the mayor using "rough" language, which she refused to repeat, and later apologizing.

Becker said that in telling him of receiving money from the carnival company, the mayor had said he "got what he asked for" and "wished he had asked for more" as he could have gotten it.

Other rebuttal witnesses denied statements made by those who testified for the mayor yesterday and various citizens declared that law-enforcement conditions were bad.

L. C. Wiggins, an attorney who has been pushing the proceedings against the mayor and other officials, said he had made a personal investigation and had been in gambling houses, places where liquor was sold, in company with witnesses, and houses of prostitution operated in the city. He said when state prohibition agents had come to Massillon, he had urged them to "go after" the mayor instead of prosecuting individual bootleggers, as he believed laxity in the enforcement of laws by officials was the "source" of the trouble in Massillon.

Asked by defense counsel, Joseph McGhee, whether he thought that city officials were "crooked," Wiggins said that from the evidence received during the hearing and from what he had heard in the Massillon municipal court he believed they were. On being requested to specify those whom he so considered, Wiggins named Mayor Vogt, Safety Director Ames, Police Chief Erilo.

BIG TIM MURPHY, DUE AT PENITENTIARY, MISSING

CHICAGO — Bondsman who pledged \$100,000 for the return of the "Big Tim" Murphy, grew uneasy today as the Chicago labor leader was 24 hours overdue at Leavenworth penitentiary.

Murphy, under sentence to serve four years for conspiracy in the Dearborn-station mail robbery, was sought by the entire force of deputy United States marshals throughout the night. He could not be located in his old haunts "back of the yards" or in his new gold coast apartment house. The labor leader was at large, pending an appeal to the supreme court.

The time allowed Murphy to perfect his appeal expired yesterday morning and the supreme court had not acted. The court probably will not decide whether it will hear the case, before Friday. In the meantime United States Marshal Levy ordered Murphy to jail. Bondsman were informed that unless the prisoner was produced within a reasonable period, their securities would be forfeited.

CONDITIONS IN EUROPE TO BE RELATED HERE

First hand conditions in France and Germany will be related at Memorial hall Thursday night when Corliss H. Griffith, of Hamilton, representing the Disabled American War Veterans association, will address a meeting of Lima war veterans.

Griffith recently returned from abroad where he spent several months touring France and Germany, as representative of a newspaper syndicate.

COMMITTEE T ONSPECT — COLUMBUS — Members of the finance committee of the two houses of the legislature leave Friday for the last lap of their trip about the state but one. They are to inspect state institutions and properties at Indian Lake, Lima, Bowling Green and Toledo over the week-end. There remains but two places to visit thereafter, these being Mansfield and Massillon.

## MRS. MORPHIS ON STAND AGAIN

Tells of Giving \$500 to Trubey as Bail Money

Mrs. Sadie Morphis, Toledo housekeeper, made her final bid for the \$500 bond money given to R. H. Trubey in 1920 to get Louis Morphis out of jail, when she took the stand in common pleas court late Wednesday to tell her side of the transaction.

She was the first witness to testify, when the case commenced six days ago. She may be the last, unless the defense wishes to place witnesses on the stand in rebuttal.

Mrs. Morphis related how she came to Lima in company with Homer Ramey, Toledo attorney and state senator. She repeated her narration made on cross examination at the beginning of the case, that she did not promise Trubey payment for services in defending Louis Morphis.

Her testimony was at variance in some respects with the testimony offered by Louis Morphis during the morning session and by Senator Ramey, when he was on the stand.

Almost every question and every answer was made the subject of an objection by Trubey's attorneys. This resulted in verbal tiffs. A considerable number of the objections were sustained by Judge H. W. Blachly.

Court adjourned at 5 p. m. to recess over Thursday, Washington's birthday. The plaintiff will return to the stand for cross examination on Friday, when court resumes.

## WOMEN AS DRY AGENTS URGED

Plant to Enforce Law Put up to Harding

LIARNBURG, Pa. — (United Press) — "Men have failed to enforce the prohibition law. Now let the women help."

Mrs. Gifford Pinchot, wife of Pennsylvania's fighting progressive governor, today exhorted to the United Press the means by which she believes bootleggers and bootleg booze can be removed from the map of the United States.

Her plan has already been submitted to President Harding and is under consideration by Washington officials.

"The use of women as enforcement agents would greatly help to arouse the moral sense of the community and therefore go far toward really enforcing the prohibition law or any other law," she said. "It would be my idea, not only to use women in smaller communities where they would exert their moral influence, but also to place them in positions of the highest trust especially to give them the authority over large liquor withdrawals. With women in charge of the issuance of permits, there would be a real curb on some of the biggest bootlegging operations."

Since her husband became Pennsylvania's chief executive, Mrs. Pinchot has had a close view of bootlegging operations and the fight against them. Pinchot, when inaugurated, said he would make the state dry as Sahara and he started out to do it with an unprecedented round-up of liquor dealers, using the state constabulary for the work. Areas which were noted for their booze stocks and their high power beer were dried up for the first time in history.

## ARRESTS CONTINUE IN COUNTERFEITING CASE

NEW YORK — Secret service men began drawing in the strings of a nation-wide net that they expect will ensnare 1,000 members of international counterfeiting conspiracy that they believe has its tentacles gripped on every important city of the country.

The ring is believed to have manufactured and distributed between one and ten million dollars worth of bogus bills and spurious stamps. Arrests all over the country with raids centering in Chicago, Detroit, San Francisco and other big cities were forecast today by those federal officers who completed last night the jailing of 64 alleged counterfeiters in the metropolitan district. Deprived of its brains, the slouching organization to be incapacitated.

## FRAUD IS CHARGED

Perry Smead, 33, residing on Ninth-st. and Albert Straight, 1210 McCullough-st., were arrested Thursday morning on charges of receiving charity under false pretenses. The charges were preferred by Mrs. Irene Mills Jackson, head of the Social Service Bureau.

## COOPERATION BETWEEN EMPLOYER AND EMPLOYEE IS URGED BY SPEAKER

Cooperation between employer and employee was the keynote of the address by J. P. Stafford, of the Industrial Relations Department of Swift & Co., Wednesday night at the regular meeting of the Foreman's club.

In order to attain this cooperation it is necessary that there be harmony and friendship between both parties, Stafford asserted. In addition to the address by Stafford, Edward Gordon, local manager of Swift and company talked. Music was furnished by the E. M. Lewis orchestra. Warren Kahle rendered a violin solo and Joseph Ropacz sang several solos.

Morris Harper, Solar refinery, was elected president of the club for the following year and Calvin L. Nolswander was chosen vice president. The program committee for the ensuing year will consist of George L. Williams, Henry Wagner, Jr., and Albert H. Benedict. The meeting was attended by approximately 75 members.

## PLANT BOUGHT BY ORGAN COMPANY

Maus Concern Will Locate in Defiance

Page Organ company, owned by H. P. Maus, president of the Maus Piano Company, has purchased a fully equipped plant in Defiance and will start building organs there next week, according to an announcement Thursday.

Executive offices and show rooms of the company will remain in Lima and plans of the company call for the manufacture of a complete line of architectural and cathedral organs.

The company has been manufacturing organs, to a limited extent in Lima for several months and the enlarged manufacturing quarters in Defiance will enable at least three complete organs to be turned out every day. The organ at the Quiln theatre and the Capital theatre in Delphos were built by the company.

The building purchased in Defiance was formerly owned by the Cheney Lumber company, and in addition to this, leases have been made for storage space.

All patents, under which the organs are manufactured, are owned by the company, and the price range of the company's products will run from \$2,500 to \$100,000, it is asserted.

## DEBT FIGHT ENDS

House Accepts Funding Bill—Now up to Harding

WASHINGTON — (Associated Press) — The last action necessary to congressional approval of the British debt settlement agreement was taken today by the house, which without a roll call, accepted senate changes to the bill amending the allied debt funding act.

The measure now goes to the president and upon his signature the agreement between the United States and Great Britain worked out by the American and British debt commissions will come into force, having been approved by the British cabinet.

Under the terms of the arrangement Great Britain will have 62 years in which to liquidate its war debt of \$1,600,000,000 and will pay interest at the rate of 3 per cent for the first ten years and 3 1/2 thereafter.

## ROBBERY OF BANK IS CONFESSED BY BANDIT

KANSAS CITY — James Brady, alleged to have confessed being a member of the gang which terrorized Eastern, Ill., Monday, pleaded today to be sent back to the penitentiary. Brady declared he was tired "of dodging bulls," when he walked into police headquarters here and calmly announced: "I'm one of the guys that robbed the Eastern, Ill., bank Monday."

Brady said he escaped from the Chester, Ill., penitentiary and with two other convicts planned the daring Eastern robbery in which \$7,000 was obtained.

## WOMAN FRACTURES RIB BY COUGHING TOO HARD

## \$25,000 ASKED BY NURSE IN SUIT

Former, Lima Barber Accused in "Kiss" Case

MITCHELL DENIES GUILT

Says He Did Not Make Advances to Girl

Lima residents who knew Justin L. Mitchell when he was barber at the Norval hotel some years ago are following with interest the case in Chicago courts in which a nurse is suing Mitchell, now a doctor, for \$25,000 in what has been famous as the Chicago "kiss" suit.

Mitchell, who is connected with the German Deaconess hospital, is defending himself against the action brought by Miss Mathilde Benkhart, formerly a student nurse at the hospital, in which she accuses him of kissing her twice and attempting to assault her in the nursery of the institution.

He took the stand Wednesday in his own behalf. His attitude, Chicago dispatches say, was more that of an angry, denying, and at times confused man than that of a well polished man of medicine. He showed none of the cool impersonality of his feminine accuser.

## DENIES CHARGE

"I did not attempt to kiss Miss Benkhart. I did not hug her or make any improper advances toward her," Dr. Mitchell declared.

Testimony also was introduced by the Rev. Frederick Weber, superintendent of the hospital, who dismissed Miss Benkhart after the charges against Mitchell were made by the girl. He said this action was taken after he had been informed that her moral stability had been questioned and had also her reputation for truth and veracity.

The suit against Mitchell was instituted several months ago and came to trial in a Chicago court Wednesday. It has attracted wide attention because of Mitchell's connection with the hospital and the dismissal of the girl after she declared she had been kissed and an attempt made to assault her.

A physical examination was made some time ago and the physicians who conducted it reported as their finding that the young nurse had not been harmed.

Mitchell left Lima several years ago and took up his present profession, giving up the barber trade.

## AUTO SHOW PLANS ARE MADE

Temporary Organization Effectuated by Lima Dealers

Temporary organization of the Lima Auto Dealers' association was effected at a meeting of dealers at the Elks club Thursday noon.

Every dealer in Lima was present at the meeting, at which time allotment of show spaces for the auto show was made. William H. Howell was chosen temporary chairman of the organization, and it is planned to complete the formal organization during the week of the Auto Show, starting March 9.

Rules governing auto shows, compiled by the National Automobile Chamber of Commerce were adopted for the Lima show. The list of exhibits, prepared at the meeting, show that 160 passenger automobiles of approximately 50 different makes will be on exhibition, besides several displays of trucks and accessories.

The meeting was addressed by Henry R. Badley, secretary and general manager of the Great American Mutual Indemnity association, who set forth the reasons why his company is underwriting the Lima show. R. M. Phillips, of the same company, who is in charge of the Lima show, announced that all directions from Lima for approximately 30 miles.

## RIOT BREAKS OUT AT BUENOS AIRES PRIZE FIGHT

BUENOS AIRES — Mounted and harbor police fought each other last night and many were injured in a riot that ended the Masted-Rolly bout staged in the new opera arena outside the city limits. In the seventh round of the heavyweight match which had drawn a crowd of 7,000 the referee declared the boxers were taking. The spectators went wild. Chairs, bottles and bricks flew.

When the scurrying crowd with the charging horses of the mounted police trampling the hindmost, reached the outskirts of Buenos Aires, a company of harbor police went to their rescue. Interposing a line of defense between the crowd and the pursuers the harbor police engaged the mounted-in pitched battle. One of the former was shot.

## RECORDS ARE SMASHED BY EXPORT GRAIN TRAFFIC

Movement of export grain to the Atlantic seaboard for export to Europe, is exceeding all previous records, according to announcement made Thursday by the Pennsylvania railroad.

During January, the road handled 10,555,700 bushels of export grain at Philadelphia and Baltimore. This is the heaviest movement, in history of the railroad.

The Pennsylvania is now handling export grain at Norfolk, the report adds.

JOHN HAD KICK — John Shick, 51, of 451 N. Jackson-st., was released Thursday under a \$1,000 bond to appear in police court Friday morning to answer a charge of possessing intoxicating liquor. He was arrested Wednesday night when police raided his home and seized a quantity of cider which they claim tests 36 per cent alcohol.

## UNITY URGED AT Y. W. BANQUET

Employers of Industrial Club Members and Guests of Honor

Cooperation between employer and employee was the keynote of the annual banquet of the Federation of Industrial clubs held at the Y. W. C. A. Wednesday night.

Employers of the members of the eight industrial clubs, board of directors of the Y. W. C. A. and girl employees of the Lima Locomotive works were the guests. Representatives of local industrial concerns included C. C. Hosselmann, superintendent of Delsol Wagoner factories, F. J. Banta and Roy Banta, Banta's Candy Factory, George Metheany and A. C. Stuart, Lima Telephone and Telegraph company, James Morton, Board of Commerce, Roy Gregg, R. T. Gregg and Son, and C. C. Garton, manager Metropolitan 5 to 50 Cent Store.

Miss Edna Reiger was elected president of the federation for the ensuing year at the election of officers Wednesday afternoon. Miss Vivian Skiles was chosen vice-president; Delia Benkhart, secretary; and Charlotte May, treasurer. The result of the election was announced Wednesday night.

Club songs and yells preceded the regular program. Miss Frances Vogel, president of the federation, acted as toastmaster. Miss Edna Reiger gave a splendid toast to the employers asking cooperation between employer and employee. C. C. Hosselmann responded.

Miss Anna Fisher gave a toast to the board of directors of the Y. W. C. A. and Mrs. H. C. Taylor responded. Miss Alice Rossfield delighted with two piano selections. Aim of the Industrial Girl in the Y. W. C. A. was the theme of the address given by Miss Studer, of Ft. Wayne.

Miss Studer told of the meaning of Y. W. C. A. to a girl who hasn't a home and of the marvelous work of the organization, not only in America but all over the world. Tom Pearson of the Y. M. C. A., the local speaker, had for his subject "The New Challenge of Employer and Employee" in which he explained the need of cooperation between employer and employee in business. He demanded recognition in factory life of the Y. W. C. A. and further recognition of the value of fraternity in the Y. W. C. A.

## IN TOILS AGAIN

Eli Brentlinger Arrested Sixth Time on Liquor Charge

A federal warrant was sworn out Thursday morning before United States Commissioner Charles Long against Eli Brentlinger, 65, of 223 N. Central-ave., following his arrest Wednesday night on a charge of possessing intoxicating liquor. This is the sixth time he has been arrested for the same offense, police records show. Brentlinger is being held in the city jail, pending his arraignment before Long Thursday afternoon.

The first time Brentlinger was arrested, he was fined \$1000. This case was appealed and is now pending in Common Pleas court. In the next two cases, he pleaded guilty and was fined \$300 in each case. In the fourth and fifth cases, he was bound over to the grand jury. He was placed under a bond of \$10,000 in the fifth case.

## ST MARYS ICE HARVEST IS CHECKED BY FLOOD

A brief change in the wind flooded the large ice pond of August Grauer, St. Marys dealer, after one course of ice had been placed in the house having a storage capacity of 1,000 tons more or less. Water from the cut-over space was slushed by the wind over the ponds yet to be cut. The ice sheet was thinned an inch and the surface made too difficult for working. The harvest was discontinued, probably for the season. One other local natural ice house has been filled with 500 or more tons of the season's crop. The community is equipped with an ice factory.

## MORE RECRUITS FOR NEW COMPANY NEEDED

With 15 recruits already enlisted, Sergeant Major P. Runyon, headquarters company 2nd Battalion, Lima's new national guard unit, announced Thursday there are vacancies in the organization for many more youths who desire to perfect themselves in radio, telephone and telegraph work. Officers for the unit have not been selected. Major Frank H. Hume declared. It is probable that former infantry officers who served in the world war will be chosen. There are more than a dozen in the city who are eligible.

## PASTOR TO TELL KLAN STORY

Summoned to Testify in Trial at Springfield

CORTNER CASE RESUMED

Opening Today Delayed by Funeral Services

SPRINGFIELD, Ohio — (Associated Press) — Trial of W. M. Cortner, klan leader and organizer of the Ku Klux Klan, facing a charge of riotous conspiracy, which was delayed from 9 o'clock this morning on account of the absence of Police Chief R. E. O'Brien at a funeral of his brother-in-law, was resumed at 11:30 a. m. The delay was necessary because important papers were left locked in a cabinet by the chief, the state said.

Defense attorneys announced that Rev. Charles O. Woodward, pastor of Broad Street Church of Christ at Columbus, whose name was mentioned yesterday by the state as having addressed a local Klan meeting, would be summoned as a witness. They said an automobile had gone to Columbus after him, and that he would be here by this afternoon.

The state called George S. Bowers, a postoffice employee, as its first witness.

## LEGION DEMAND

SPRINGFIELD — (United Press) — Gilbert Bettman, Cincinnati state commander of the American Legion and other state officials of the Legion, were called upon today to publicly retract their recent statement regarding membership of the Ku Klux Klan by Legionnaires, growing out of the Klan raid here February 24.

The demand was made by representatives of the American Legion posts at Springfield, Piqua, Troy, Covington and Tippicanoe City, who met at Troy last night and drew up a petition asking the retraction of the statement said to be circulated among members of the Legion in those cities.

Bettman, last Friday, declared that the American Legion was opposed to the Klan and that its members must choose between the two organizations.

Several members of the local Legion were reported to be on the list of alleged Klan members seized by police in a raid.

## BANDIT IS KILLED IN FIGHT WITH OFFICER

OMAHA, Neb. — Marty Maher, high jacker, was killed and two other bandits believed wounded in a spectacular gun battle between railroad Detective Samuel Curtis and six bandits in the Great Western freight yards here today.

More than 40 shots were fired. The bandits were attempting to rob a car of liquor in the yards. Bloody trails leading from the scene led police to believe Curtis had hit other members of the gang.

## LIMA OBSERVES HOLIDAY

Washington Honored by Closing of Public Offices and Schools

LODGES TO HOLD INITIATION

Children Stage Pageant for Members of Grand Army

Washington's Birthday, was generally observed as a holiday in Lima, Thursday.

City, and county offices and banks of the city were closed in honor of the natal day of the Father of His Country.

Schools of the city, public and private were dismissed for the day, giving a holiday to the hundreds of students. The event was also observed thru the schools on Wednesday afternoon with appropriate exercises.

City and rural mail was not delivered by the carriers. The post office was open however from 9 to 10 a. m., for sale of stamps, money orders and the convenience of general delivery patrons.

Mail was collected morning and evening, and clerks were at work during the day, receiving and sending out mail.

Local fraternal orders generally observed the day in some fashion. Lima Lodge of Elks will hold its annual Washington's Birthday initiation when 25 candidates will be conducted thru the ceremonies. A banquet, followed by vaudeville and other entertainment will start at 5 p. m., according to Glen Robn, Secretary of the lodge. Several hundred Elks are expected to attend.

Masonic blue lodges of the city are also planning the initiation of a number of candidates, at the Masonic building, W. High and Elizabeth-sts.

Mrs. William Magee-Wilson, of Xenia, state regent, was the principal speaker before the annual luncheon of the Daughters of the American Revolution at the Argonne hotel. The luncheon is held each year, on the anniversary of the organization of the local chapter.

School children enacted a patriotic pageant, at Memorial hall, during the afternoon, at a program arranged by the Women's Relief Corps, and Grand Army of the Republic.

American Legion club rooms in the Harper building were open for the convenience of all world war veterans, but no program was held.

Moving pictures and patriotic talks will be the attraction at the East State station, under auspices of the Allen-co Child Welfare association.

Several hundred visiting Moose from surrounding lodges, including supreme officers of the Moose Lodge and the Mooseheart Legion, will attend the birthday party to be held Thursday night in honor of the anniversary of the institution of the Lima Lodge of Moose. It is being given in conjunction with the Fun Festival now being held at the Moose Home. In addition to special entertainment, there will be an entire change of vaudeville attractions and many novelties.

## GROUND IS CLEARED FOR ST. MARYS GOLF COURSE

A force of men is felling trees and clearing brush from a proposed golf course on the Montgomery-Stitt farm west of St. Marys on the St. Marys-Celina road on the north shore of Lake St. Marys. Ground will be broken when the frost lets go. Checking up of the site is being performed by Tom Bendelow, of Chicago, representing an important park builders' association and having engineered more than 600 golf play-grounds over a wide territory. The Montgomery-Stitt estate has been acquired by a newly-organized club of approximately one hundred members with headquarters in St. Marys. The membership extends into adjacent counties.

## FORMER MINISTER OF FRANCE DIES SUDDENLY

PARIS — Theophile Delcasse, former minister of foreign affairs, died suddenly at Nice last evening. He left his hotel during the day to convey his sympathy to Minister of Marine Raiberti on the occasion of the death of the minister's mother. After his visit, N. Delcasse, apparently in good health, returned to the hotel where he had been passing several months. Death came suddenly in the course of the evening.

## MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, biliousness, constipated or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the searing food and nasty bile right out of the stomach and bowels without gripping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.—Adv.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

## WITNESSES TELL OF TIP TO VOGT

Massillon Mayor Admitted Receiving Money, They Say

TESTIMONY IS COMPLETED

Governor Donahay Takes Case Under Advisement

COLUMBUS — (Associated Press) — Hearings before Governor Donahay on the case of Herbert H. Vogt, suspended mayor of Massillon, were completed today with the taking of testimony of witnesses placed on the stand by the prosecution in rebuttal to the defense evidence yesterday. Governor Donahay announced he would take the matter under advisement and render a decision in writing as soon as possible, pending his decision the governor said he would decide whether the case of Chief Director Orrin Ames, Police Chief E. M. Brie and Police Lieutenant Martin Gilson, jointly charged with the mayor, with laxity in enforcement of liquor and vice laws, would be heard.

Testimony taken today was marked by statements of two witnesses that the mayor had told them he expected a "tip" from a carnival company which appeared in Massillon and split it with Chief of Police Brie. Two newspaper reporters, Mrs. Leah Welch of the Canton Repository, and Fred Becker of the Massillon Independent, both said that the mayor had admitted to them that he had received an unnamed amount of money from a carnival concern in 1920.

### WOMAN'S STATEMENT

Mrs. Welch said that the statement had been made to her by the mayor when an investigation was being made in the city by a private detective who had represented himself as a federal officer. "The only thing Chief Brie can have on me," Mrs. Welch quoted the mayor as saying, "is accepting money from the carnival company and splitting with the chief." At the time the statement was made, it was presumed that the detective's investigation was being directed at the police chief now also under charges of neglect of duty.

She also was told by Vogt, Mrs. Welch said, that the former Safety Director H. H. Hiteck who for a time acted as police chief, had wanted to start a cleanup campaign and that he had to restrain him, that people had come to him (Vogt) and told him that they had "fixed" it with Police Chief Brie who later resigned and now is again chief, and wanted to arrange with him to operate houses of prostitution. Finally she was elected from the mayor's office, she said, the mayor using "rough" language with her who refused to repeat, and later apologizing.

Becker said that in telling him of receiving money from the carnival company, the mayor had said he "got what he asked for" and "wished he had asked for more" as he could have gotten it.

Other rebuttal witnesses denied statements made by those who testified for the mayor yesterday and various citizens declared that law-enforcement conditions were bad.

L. C. Wiggins, an attorney who has been pushing the proceedings against the mayor and other officials, said he had made a personal investigation and had been in gambling houses, places where liquor was sold and in company with witnesses, in houses of prostitution operated in the city. He said under state prohibition, anyone coming to Massillon, he had urged them to "go after" the mayor instead of prosecuting individual bootleggers, as he believed laxity in the enforcement of laws by officials was the source of the trouble in Massillon.

Asked by defense counsel, Joseph McHale, whether he thought that city officials were "crooked," Wiggins said that from the evidence received during the hearing he believed that he had heard in the Massillon municipal court he believed they were. On being requested to specify those whom he so classified, Wiggins named Mayor Vogt, Safety Director Ames, Police Chief Brie.

### BIG TIM MURPHY, DUE AT PENITENTIARY, MISSING

CHICAGO — Bondsman who pledged \$180,000 for the temporary freedom of "Big Tim" Murphy, grew uneasy today as the Chicago labor leader was 24 hours overdue at Leavenworth penitentiary.

Murphy, under sentence to serve four years for conspiracy in the Dearborn-station mail robbery, was sought by the entire force of deputy United States marshals throughout the night. He could not be located in his old haunts "back of the yards" or in his new gold coast apartment home. The labor leader was at large, pending an appeal to the supreme court.

The time allowed Murphy to perfect his appeal expired yesterday morning and the supreme court had not acted. The court probably will not decide whether it will hear the case before Friday. In the meantime United States Marshal Levy ordered Murphy to jail. Bondsman were informed that unless the prisoner was produced within a reasonable period, their securities would be forfeited.

### CONDITIONS IN EUROPE TO BE RELATED HERE

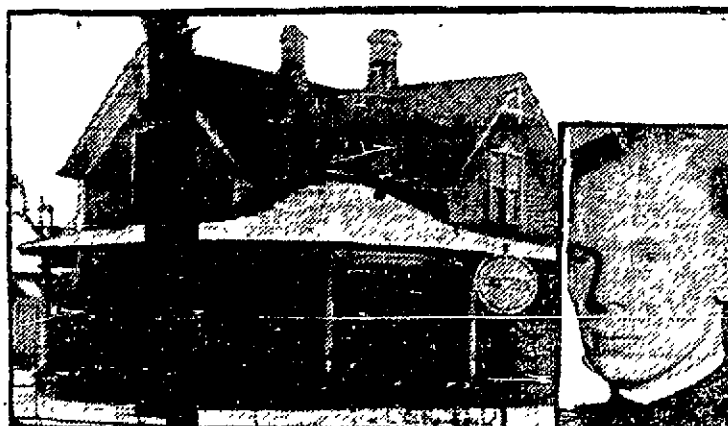

First hand conditions in France and Germany will be related at Memorial hall Thursday night when Corliss H. Griffiths, of Hamilton, representing the Disabled American War Veterans association, will address a meeting of Lima war veterans.

Griffiths recently returned from abroad where he spent several months touring France and Germany, as representative of a newspaper syndicate.

### COMMITTEE T OINSPECT

COLUMBUS — Members of the finance committee of the two houses of the legislature leave Friday for the last lap of their trip about the state but one. They are to inspect state institutions and property at Indian Lake, Lima, Bowling Green and Toledo. K. E. Gibbs, of Cincinnati, has been attending the Clothier's Convention in Cleveland.

## MRS. MORPHIS ON STAND AGAIN

Tells of Giving \$500 to Trubey as Bail Money

Mrs. Sadie Morphis, Toledo housekeeper, made her final bid for the \$500 bond money given to R. R. Trubey in 1920 to get Louis Morphis out of jail, when she took the stand in common pleas court late Wednesday to tell her side of the transaction.

She was the first witness to testify when the case commenced six days ago. She may be the last, unless the defense wishes to place witnesses on the stand in rebuttal.

Mrs. Morphis related how she came to Lima in company with Homer Ramsey, Toledo attorney and state senator. She reported his assertion made on cross examination at the beginning of the case, that she did not promise Trubey payment for services in defending Louis Morphis.

Her testimony was at variance in some respects with the testimony offered by Louis Morphis during the morning session and by Senator Homer Ramsey, when he was on the stand.

Almost every question and every answer was made the subject of an objection by Trubey's attorneys. This resulted in verbal fights. A considerable number of the objections were sustained by Judge H. W. Blachly.

Court adjourned at 5 p. m. to recess over Thursday, Washington's birthday.

The plaintiff will return to the stand for cross examination on Friday, when court resumes.

## WOMEN, AS DRY AGENTS URGED

Plant to Enforce Law Put up to Harding

HARRISBURG, Pa. — (United Press) — "Men have failed to enforce the prohibition law. Now let the women help."

Mrs. Gifford Pinchot, wife of Pennsylvania's fighting progressive governor, today explained to various citizens the means by which she believes bootleggers and bootleg booze can be removed from the map of the United States.

Her plan has already been submitted to President Harding and is under consideration by Washington officials.

"The use of women as enforcement agents would greatly help to enforce the prohibition law," she said. "It would be my idea, not only to use women in smaller communities where they would exert their moral influence, but also to place them in positions of the highest trust especially to give them the authority over large liquor withdrawals. With women in charge of the issuance of permits, there would be a real curb on some of the biggest bootlegging operations."

Since her husband became Pennsylvania's chief executive, Mrs. Pinchot has had a close view of bootlegging operations and the fight against them. Pinchot, when inaugurated, said he would make liquor dry in Sahara and he started out to do it with an unprecedented round-up of liquor dealers, using the state constabulary for the work. Areas which were noted for their booze stocks and their high power beer were dried up for the first time in history.

### ARRESTS CONTINUE IN COUNTERFEITING CASE

NEW YORK — Secret service men began drawing in the strings of a nation-wide net that they expect will enmesh 1,000 members of an international counterfeiting conspiracy that they believe has its tentacles gripped on every important city of the country.

The ring is believed to have manufactured and distributed between one and ten million dollars worth of bogus bills and spurious stamps.

Arrests all over the country with raids centering in Chicago, Detroit, San Francisco and other big cities were forecast today by those federal officers who completed last night the jailing of 64 alleged counterfeiters in the metropolitan district. Deprived of its brains, the slouches believe the organization to be incapacitated.

### FRAUD IS CHARGED

Perry Smead, 33, residing on Ninth-st. and Albert straight, 1210 McCullough-st., were arrested Thursday morning on charges of receiving charity under false pretenses. The charges were preferred by Mrs. Irene Mills Jackson, head of the Social Service Bureau.

### SMITH HAS GUEST

Manager C. W. Smith of Hotel Argonne has had as his guest for a few days, K. E. Gibbs, of Cincinnati. Mr. Gibbs has been attending the Clothier's Convention in Cleveland.

## COOPERATION BETWEEN EMPLOYER AND EMPLOYEE IS URGED BY SPEAKER

Cooperation between employer and employee was the keynote of the address by J. P. Stafford, of the Industrial Relations Department of Swift & Co., Wednesday night at the regular meeting of the Foreman's club.

In order to attain this cooperation it is necessary that there be harmony and friendly relations between both parties, Stafford asserted. In addition to the address by Stafford, Edward Gordon, local manager of Swift and company talked. Music was furnished by the E. M. Lewis orchestra. Warren Kable rendered a violin solo and Joseph Repazz sang several solos.

Morris Harper, Solar refinery, was elected president of the club for the following year and Calvin F. Neiswander was chosen vice president. The program committee for the ensuing year will consist of George E. Williams, Lenix Wagner, Jr., and Albert H. Benedict. The meeting was attended by approximately 75 members.

## PLANT BOUGHT BY ORGAN COMPANY

Maus Concern Will Locate in Defiance

Page Organ company, owned by H. P. Maus, president of the Maus Piano Company, has purchased a fully equipped plant in Defiance and will start building organs there next week, according to an announcement Thursday.

Executive offices and show rooms of the company will remain in Lima, and plans of the company call for the manufacture of a complete line of orchestral and cathedral organs.

The company has been manufacturing organs, to a limited extent in Lima for several months and the enlarged manufacturing quarters in Defiance will enable at least three complete organs to be turned out every day. The organ at the Quilna theatre and the Capital theatre in Dolphos were built by the company.

The building purchased in Defiance was formerly owned by the Cheney Lumber company, and in addition to this, leases have been made for storage space in the United Press building.

All patents under which the organs are manufactured, are owned by the company, and the price range of the company's products will run from \$2,500 to \$100,000, it is asserted.

## DEBT FIGHT ENDS

House Accepts Funding Bill—Now up to Harding

WASHINGTON — (Associated Press) — The last action necessary to congressional approval of the British debt settlement agreement was taken today by the house, which without a roll call, accepted senate changes to the bill amending the allied debt funding act.

The measure now goes to the president and upon his signature the agreement between the United States and Great Britain worked out by the American and British debt commissions will come into effect. It was approved by the British cabinet.

Under the terms of the arrangement Great Britain will have 62 years in which to liquidate its war debt of \$1,600,000,000 and will pay interest at the rate of 3 per cent for the first ten years and 3 1/2 thereafter.

### ROBBERY OF BANK IS CONFESSED BY BANDIT

KANSAS CITY — James Brady, alleged to have confessed being a member of the gang which terrorized Eastern, Ill., Monday, pleaded today to be sent back to the penitentiary. Brady declared he was first "let out" by the police when he walked into police headquarters here and calmly announced: "I'm one of the guys that robbed the Eastern, Ill., bank Monday."

"My pals double crossed me," he explained. "I'm sick. I want to go back to the pen."

Brady said he escaped from the Chester, Ill., penitentiary and with two other convicts planned the Eastern robbery in which \$7,000 was obtained.

### WOMAN FRACTURES RIB BY COUGHING TOO HARD

## \$25,000 ASKED BY NURSE IN SUIT

Former, Lima Barber Accused in "Kiss" Case

MITCHELL DENIES GUILT

Says He Did Not Make Advances to Girl

Lima residents who knew Justin L. Mitchell when he was barber at the Norval hotel some years ago are following with interest the case in Chicago courts in which a nurse is suing Mitchell, now a doctor, for \$25,000 in what has become famous as the Chicago "kiss" suit.

Mitchell, who is connected with the German Deconess hospital, is defending himself against the action brought by Miss Mathilde Benkhart, formerly a student nurse at the hospital, in which she accuses him of kissing her twice and attempting to assault her in the nursery of the institution.

He took the stand Wednesday in his own behalf. His attitude, Chicago dispatches say, was more that of an angry, denying, and at times confused man than that of a well poised man of medicine. He showed signs of the cool impersonality of his feminine accuser.

He did not attempt to kiss Miss Benkhart, I did not hug her or make any improper advances to her," Dr. Mitchell declared.

Testimony also was introduced by the Rev. Frederick Weber, superintendent of the hospital, who dismissed Miss Benkhart after charges against Mitchell were made by the girl. He said this action was taken after he had been informed that her moral stability had been questioned and had also her reputation for truth and veracity.

The suit against Mitchell was instituted several months ago and came to trial in a Chicago court Wednesday. It has attracted wide attention because of Mitchell's connection with the hospital and the dismissal of the girl after she declared she had been kissed and an attempt made to assault her. A physical examination was made some time ago and the physicians who questioned her had also her reputation for truth and veracity.

Mitchell left Lima several years ago and took up his present profession, giving up the barber trade.

## AUTO SHOW PLANS ARE MADE

Temporary Organization Effectuated by Lima Dealers

Temporary organization of the Lima Auto Dealers' association was effected at a meeting of dealers at the Elks club Thursday noon.

Every dealer in Lima was present at the meeting, at which time allotment of show spaces for the auto show was made. William H. Howells was chosen temporary chairman of the organization, and it is planned to complete the formal organization during the week of the Auto Show, starting March 3.

Rules governing auto shows, compiled by the National Automobile Chamber of Commerce were adopted for the Lima show. The list of exhibitors, prepared at the meeting, show that 100 passenger automobiles of approximately 50 different makes will be on exhibition, besides several displays of trucks and accessories.

The meeting was addressed by Henry R. Endley, secretary and general manager of the Great American Mutual Identity association, who set forth reasons why his company is underwriting the Lima show. R. L. Phillips, of the same company, who is in charge of the Lima show, announced that advertising had been distributed in all directions from Lima for approximately 30 miles.

### RIOT BREAKS OUT AT BUENOS AIRES PRIZE FIGHT

BUENOS AIRES — Mounted and harbor police fought each other last night and many were injured in a riot that ended the Masted-Rolly bout staged in the new opera arena outside the city limits. In the seventh round of the heavyweight match which had drawn a crowd of 7,000 the referee declared the boxing was taking. The spectators were wild. Chairs, bottles and bricks were thrown.

When the scurrying crowd with the charging horses of the mounted police trampling the hindmost, reached the outskirts of Buenos Aires, a company of harbor police went to their rescue. Interposing a line of defense between the crowd and the pursuers the harbor police engaged the mounted-in pitched battle. One of the former was shot.

### RECORDS ARE SMASHED BY EXPORT GRAIN TRAFFIC

Movement of export grain to the Atlantic seaboard for export to Europe is exceeding all previous records, according to announcement made Thursday by the Pennsylvania railroad.

During January, the road handled 10,558,700 bushels of export grain at Philadelphia and Baltimore. This is the heaviest movement in the history of the railroad.

The Pennsylvania is now handling export grain at Norfolk, the report adds.

### CHIEF HAD KICK

John Sluck, 51, of 451 N. Jackson-st., was released Thursday under a \$1,000 bond to appear in police court Friday morning to answer a charge of possessing intoxicating liquor. He was arrested Wednesday when police raided his home and seized a quantity of liquor which they claim tests 36 per cent alcohol.

## UNITY URGED AT Y. W. BANQUET

Employers of Industrial Club Members and Guests of Honor

Cooperation between employer and employee was the keynote of the annual banquet of the Federation of Industrial clubs held at the Y. W. C. A. Wednesday night.

The five new cars will likely be used first on the Main and Wayne-st. and the Market and S. Metcalf-st. lines. The reason for this is that these lines do not cross railroads and it will not be necessary to install watchmen.

The remaining fifteen cars will arrive in Lima on schedule and will be placed in service within a few months. At that time, watchmen will be placed at all railroad crossings.

Before the new cars are placed in active service, they will be used to instruct the motormen.

## MCKINNEY MAY BE FREED TODAY

Courts Act in Case of Ohioan Wrongfully Imprisoned

CINCINNATI — (Associated Press) — Leroy McKinney of Cincinnati, was a step nearer to freedom today when Judge Wade Cushing of the state district court of appeals here ordered the filing of an entry covering the decision of the common pleas court of Clinton-co. which found McKinney guilty of killing Special Policeman Emory McCreight and sentenced him to life imprisonment in the Ohio penitentiary.

The case was remanded to the common pleas court of Clinton-co. today definitely annulling the indictment against McKinney, and forever clearing his name of murder in connection with the death of McCreight.

Mrs. McKinney, the wife of the man who served five months for a crime he had not committed, presented the request from the court of Judge F. M. Clevenger of Wilmington asking for a re-trial of the case. She left here today noon for Wilmington, where she will present the order of Judge Cushing to Judge Clevenger, who is expected to immediately order an entry, dismissing the case against McKinney.

It was said here today the release of McKinney from the penitentiary will not free him from the custody of the law, as he is still facing a \$2,000 fine imposed in a liquor law violation case. This fine, it was said, must be paid or set aside before he can be a free man.

Judge Cushing opened the office of the court on a legal holiday, Washington's birthday, to help Mrs. McKinney.

### ST MARYS ICE HARVEST IS CHECKED BY FLOOD

A brief change in the wind flooded the large ice pond of August Grauer, St. Marys dealer, after one course of ice had been placed in the house having a storage capacity of 1,000 tons more or less. Water from the cut-over space was slushed by the wind over the portion yet to be cut. The ice was then chipped an inch and the surface made too difficult for working. The harvest was discontinued, probably for the season. One other local natural ice house has been filled with 500 or more tons of the season's crop. The community is equipped with an ice factory.

### MORE RECRUITS FOR NEW COMPANY NEEDED

With 15 recruits already enlisted, Sergeant Major P. Ruynon, headquarters company 2nd. Battalion, Lima's new national guard unit, announced Thursday there are vacancies in the organization for many more youths who desire to perfect themselves in radio, telephone and telegraph work. Officers for the unit have not been selected. Major Frank E. Hulse declared. It is probable that former infantry officers who served in the world war will be chosen. There are more than a dozen in the city who are eligible.

## PASTOR TO TELL KLAN STORY

Summoned to Testify in Trial at Springfield

CORTNER CASE RESUMED

Opening Today Delayed by Funeral Services

SPRINGFIELD, Ohio — (Associated Press) — Trial of W. M. Cortner, Kleagle and organizer of the Ku Klux Klan, facing a charge of riotous conspiracy, which was delayed from 9 o'clock this morning on account of the absence of Police Chief R. E. O'Brien at a funeral of his brother-in-law, was resumed at 11:30 a. m. The delay was necessary because important papers were left locked in a cabinet by the chief, the state said.

Defense attorneys announced that Rev. Charles O. Woodward, pastor of Broad Street Church of Christ at Columbus, whose name was mentioned yesterday by the state as having addressed a local Klan meeting, would be summoned as a witness. They said an automobile had gone to Columbus after him, and that he would be here by this afternoon.

The state called George S. Bowers, a postoffice employe, as its first witness.

### LEGION DEMAND

SPRINGFIELD — (United Press) — Gilbert Bottman, Cincinnati state commander of the American Legion and other state officials of the Legion, were called upon today to publicly retract the recent statement regarding membership of the Ku Klux Klan by Legionnaires, growing out of the Klan raid here February 14.

The demand was made by representatives of the American Legion posts at Springfield, Platte, Troy, Covington and Tippecanoe City, who met at Troy last night and drew up a petition asking the retraction of the statement said to be circulated among members of the Legion in those cities.

Bottman, last Friday, declared that the American Legion was opposed to the Klan and that its members must choose between the two organizations.

Several members of the local legion were reported to be on the list of alleged Klan members seized by police in a raid.

Telegrams have been sent to Bettman and Hugh Martin, Columbus, state adjutant of the Legion, notifying them of the action taken, according to H. W. Calkins and Dr. E. B. Stewart, Springfield, who represented the local post at the meeting.

### BANDIT IS KILLED IN FIGHT WITH OFFICER

OMAHA, Neb. — Marty Maher high jacker, was killed and two other bandits believed wounded in a spectacular gun battle between railroad Detectives Samuel Curtis and six bandits in the Great Western freight yards here today.

More than 40 shots were fired. The bandits were attempting to rob a car of liquor in the yards. Bloody trails leading from the scene led police to believe Curtis had hit other members of the gang.

## LIMA OBSERVES HOLIDAY

Washington Honored by Closing of Public Offices and Schools

LODGES TO HOLD INITIATION

Children Stage Pageant for Members of Grand Army

Washington's Birthday, was generally observed as a holiday in Lima, Thursday.

City, and county offices and banks of the city were closed in honor of the natal day of the Father of His Country.

Schools of the city, public and private were dismissed for the day, giving a holiday to the hundreds of students. The event was also observed thru the schools on Wednesday afternoon with appropriate exercises.

City and rural mail was not delivered by the carriers. The post office was open however from 9 to 10 a. m., for sale of stamps, money orders and the convenience of general delivery patrons.

Mail was collected morning and evening, and clerks were at work during the day, receiving and sending out mail.

Local fraternal orders generally observed the day in some fashion. Lima Lodge of Elks will hold its annual Washington's Birthday initiation when 25 candidates will be conducted thru the ceremonies. A banquet, followed by vaudeville and other entertainment will start at 5 p. m., according to Glen Robb, Secretary of the lodge. Several hundred Elks are expected to attend.

Masonic blue lodges of the city are also planning the initiation of a number of candidates, at the Masonic building, W. High and Elizabeth-sts.

Mrs. William Magee-Wilson, of Xenia, state regent, was the principal speaker before the annual luncheon of the Daughters of the American Revolution at the Argonne hotel. The luncheon is held each year, on the anniversary of the organization of the local chapter.

School children enacted a patriotic pageant, at Memorial hall, during the afternoon, at a program arranged by the Women's Relief Corps, and Grand Army of the Republic.

American Legion club rooms in the Harper building were open for the convenience of all world war veterans, but no program was held.

Moving pictures and patriotic talks will be the attraction at the East Side station, under auspices of the Allen-Go Child Welfare association.

Several hundred visiting Moose from surrounding lodges, including supreme officers of the Moose Lodge and the Mooseheart Legion, will attend the birthday party to be held Thursday night in honor of the anniversary of the institution of the Lima Lodge of Moose. It is being given in conjunction with the Fun Festival now being held at the Moose Home. In addition to special entertainment, there will be an entire change of vaudeville attractions and many novelties.

## GROUND IS CLEARED FOR ST. MARYS GOLF COURSE

A force of men is felling trees and clearing brush from a proposed golf course on the Montgomery-Stitt farm west of St. Marys on the St. Marys-Celina road on the north shore of Lake St. Marys. Ground will be broken when the frost lets go. Checking up of the site is being performed by Tom Bendelow, of Chicago, representing an important park builders' association and having engineered more than 600 golf play-grounds over a wide territory. The Montgomery-Stitt estate has been acquired by a newly-organized club of approximately one hundred members with headquarters in St. Marys. The membership extends into adjacent counties.

## FORMER MINISTER OF FRANCE DIES SUDDENLY

PARIS—Theophile Delcasse, former minister of foreign affairs, died suddenly at Nice last evening. He left his hotel during the day to convey his sympathy to Minister of Marine Raberti on the occasion of the death of the minister's mother. After his visit, N. Delcasse, apparently in good health, returned to the hotel where he had been passing several months. Death came suddenly in the course of the evening.

## MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, biliousness, constipated or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the souring food and nasty bile right out of the stomach and bowels without gripping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.—Adv.

LADIES ONLY TOMORROW AFTERNOON, TO KNOW EACH DAY IN EVERY WAY, ASK MARJAH AT THE MAJESTIC THEATRE.

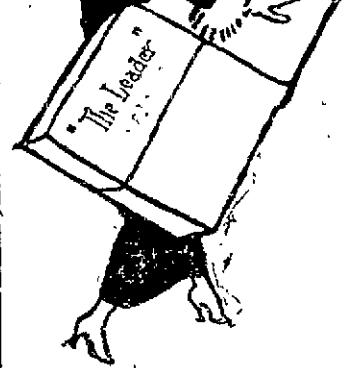

## PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

## AGED MAN ADMITS SLAYING SON

Neighbors Deny Confession of Old Soldier as Hallucination

IS HELD IN COUNTY JAIL

Case Might be Dropped if Story Was Recanted

(BY ALEXANDER HERMAN)  
CAPE MAY COURTHOUSE, N. J. (Special) — Pacing up and down as if he were doing sentry duty again, Israel W. Gifford, 86-year-old Civil War veteran, is calmly awaiting trial here for killing his son.

Altho neighbors and even county authorities believe him innocent, he is being held on his own story. There is no other evidence.

A few miles away in a simple, little farmhouse sits nine-year-old Rachel Gifford looking wistfully at her dolls, but not playing with them. It isn't the death of her father, she says, that worries her, but the trouble her granddaddy is in.

Between these two Giffords—one at the end of life and the other at its beginning—is a board of love that even death can't break. And behind it all is the tragedy of an old-fashioned family which prized honor more highly even than life.

**PRISONER'S STORY**  
It was revealed to me by the old man himself, as he kept on pacing up and down, down and up, in his cell. He sat down only for an instant, while his photo was being taken, and then resumed his march. Even when his own tale overpowered him and there came a catch in his voice, he wouldn't stop.

"This isn't the first time I've been in jail," he said. "I did six months in Liberty Prison when the Confederates captured me."

"But that was a long time ago. Lots has happened since then."

"When I got back from the war I settled down in this country. My wife and I were happy. We raised a family—one boy and a girl. I became superintendent of a cannery and everything was fine."

"Then the children grew up. My wife died and the first break came. While, my boy, left home."

"About nine years ago his child was born. Cinderella, my daughter, and I raised her. She grew up to be one of the sweetest things ever created—our little Rachel."

"The old veteran's voice broke. "While, our boy, took to drink. He was living in Woodbine, only a couple of miles from our home."

"I used to go over and try to reason with him. But it did little good. "He became worse. A couple of weeks back—it was Saturday, Feb. 3—he became threatening."

"I took a gun away from his room. That night I came back to see how he was. I heard him swearing up stairs. He was yelling that he would wipe out the whole family. And I think he would have done it. I went up. Just to frighten him I fired into the room."

"The next morning they found him dead."

"I said nothing then. But it preyed on my mind. I couldn't sleep at night. I thought I'd go crazy unless I told someone. So I came over and told George Rodding and Jimmy Hoffman. They're the sheriffs. DON'T KNOW WHY HE SHOT."

"Don't ask me why I shot. I don't know. Only I didn't want anything to happen to little Rachel."

"Let them hang me, or electrocute me. I don't care. As long as Rachel doesn't know."

"But the girl does know. "I want my granddaddy," she

sobs in the Gifford home. "I want him back more anything else in the world. He never did any wrong."

The neighbors and most of the officials also believe Gifford innocent.

Dr. Eugene Way, county physician, says it is unreasonable to believe that the old man shot his son in the manner he describes.

Dr. Randolph Marshall of Tuckahee, N. J., for whose family Gifford has been working for 40 years, says the old veteran is suffering from hallucinations.

"The whole thing is a dream," he says. "Gifford was home the night the crime was committed, and Cinderella, his daughter, can prove it. Unnerved by the tragedy, and overwrought by the investigation, the old man imagined the whole thing."

County officials tell you the same story.

Other folks say that Gifford is shielding someone else.

But the old man refuses to listen to such talk.

So he is awaiting grand jury action and a possible trial for life—even though the case might be dropped now if he would only recant his confession.

**CHILDREN OPEN  
EISTEDDFOD**

More Than \$500 to be Given for Best Solos, Duets, Choruses

Price money amounting to \$500 will be awarded to the best soloists, duets and choruses, which appear at the Eisteddfod, which opened in Memorial hall at 9:30 a. m. Thursday.

Mark Evans, secretary announced.

The singing contests are being held under the auspices of Trinity Methodist church. Judges of the contests are D. A. Clippinger, of Chicago and R. W. Roberts, of Columbus.

In all more than 1,200 singers will sing from the stage during the day. Church choirs, school choruses, and individual singers from all sections of Ohio are competing for the prize money.

The program comprised singing contests between school children, with prizes for the best solos, duets and choruses.

Contests in singing by adults will be held during the afternoon and evening. The afternoon program opened at 2 p. m. with the singing of the "Star Spangled Banner." The evening program will commence at 7:30 p. m.

**CONFERENCE ENDS**

A. T. Arnold, of Columbus, to Speak at Last Session

Last session of the annual convention and institute of the Alliance Sunday School association will be held Thursday at 6:45 p. m. at the First Reformed church, W. Wayne and West-ave.

The closing session of the two-day conference will be given over to an officer's round-table, led by A. T. Arnold, general secretary of the Ohio Sunday School association. Columbus, who will speak on "The Challenge of the New Year. R. B. Mikesell will have charge of the music and the Rev. George H. Wise, pastor of Lighthouse Church of Christ, will talk on "Training Our Church School School Leaders."

The conference has been well attended.

## BURKE MINIMUM WAGE BILL DEAD

(Continued From Page One.)

ipating in the annual university day festivities.

They adjourned yesterday until next Monday when both houses will have their last opportunity to introduce bills under a new rule which allows no new measures to be presented after that date unless consent of three-fifths of the membership is obtained.

An idea of what might be expected Monday was obtained yesterday when a total of eighty-four bills and three resolutions were submitted in both houses. Numerous members issued warning in advance that they would return Monday armed with several measures each.

**ELECTION MEASURE**  
The Spindel-Bender election bill, designed to bring in a complete unofficial count on the day following election day, took its first step towards completion last night when the election committees of both houses, reported it out after a public hearing attended by a number of newspaper publishers and editors who are in favor of the measure. Before being reported out with recommendation for passage, the bill was amended to provide that removal of precinct election officials who failed to furnish complete unofficial returns by noon of the day following an election, was optional with the secretary of state instead of mandatory as first provided. A vote on the bill was expected in both houses next week.

**SCHOOL BILL**  
Aimed at the elimination of all parochial and private schools from the educational system in Ohio, a bill was introduced by Representative Charles Brenner, of Cleveland, providing that all children between the ages of 6 and 16 years must attend the public schools. A constitutional amendment ratified by Oregon voters last fall, now is in the hands of a constitutional test. In addition to eliminating parochial and private schools, the Brenner bill would reduce the maximum age for compulsory school attendance from 18 to 16 years.

Equality of sexes as exemplified in the program of the National Woman's Party, appeared before the senate yesterday when ten bills providing among other things that the husband no longer has the privilege of selecting the abode for his wife and that property towards the payment of which both husband and wife have contributed, be divided equitably, were introduced.

Transfer of the state department of securities from the department of commerce to the office of the secretary of state was proposed in the bill of Senator Birch of Akron yesterday. Passage of the measure would have the effect of removing the department's personnel of approximately 25 persons from the supervision of Director of Commerce, a Democrat, and placing it under secretary of State Brown, a Republican.

**WOMEN'S RIGHTS BILLS**  
COLUMBUS—(United Press)—Altho the senate has temporarily cast aside the bill setting a minimum wage for women, it is by no means thru with measures which seek to bring Ohio women "into their own" politically and legally.

Of the 43 new bills dumped into the senate hopper before the body adjourned until 5 p. m. Monday are ten dealing exclusively with woman's rights.

The "women's rights" bills would: 1—Withdraw the husband's ex-

clusive right to choose the abode for himself and wife.

2—Make real estate toward which both husband and wife have contributed money, owned jointly by them.

3—Make 21 years the legal age for marriage without consent of parents.

4—Make the wife the authorized agent of the husband in business matters instead of the husband the authorized agent of the wife.

5—Allow husband and wife to contract with each other or with other persons as individuals.

6—Make both husband and wife equally responsible for the guardianship of children.

7—Repeal of the present statute permitting the husband to sue for damages for the loss of his wife's services on the ground of personal injury.

8—Establish 20 years as the contract age for women.

9—Give illegitimate children equal rights with legitimate children after they have been determined by a court to be the children of either parent.

10—Permit women to retain their maiden names after marriage.

The "women's rights" laws are sponsored by the National Woman's Party.

**U. S. INDUSTRY  
AID PLANNED**

Would Free American Trade from Foreign Combinations

WASHINGTON—(United Press)—A concrete plan for freeing American industry from the "squeeze" of foreign combinations, controlling the world supply of raw materials is being shaped by the Harding administration. It was learned here today.

The plan comprises: 1—Investigation by the department of commerce of the possibility of opening new producing areas of monopolized commodities to be developed by American capital.

2—Federal charting of American corporations to engage in developing such new areas.

3—Protection of American projects with aggressive backing of the government thru diplomatic and consular channels.

The commodities for which the United States is now almost exclusively dependent on importations, are: Rubber from the British East Indies, nitrates from Chile, jute from India, steel from Mexico, iodine from Chile, quinine from Peru, potash from Germany, copper from Oceania, cork from Spain, camphor from Japan and tin from Bolivia.

## SLAYING OF BABY BRINGS PROBE

Records Searched for Clue in Kenton Mystery

Prosecuting Attorney Herman Lease and Coroner Glenn Hanson, of Hardin-co, launched an investigation Thursday of the records of births made by the doctors of Kenton for the month of February, following the finding of the body of a two weeks' old baby, strangled to death, in the back yard of Harry Houser, S. Main-st, Wednesday.

Police are working with the prosecuting attorney and coroner in the belief that these records will show who is the mother of the dead baby.

The body of the infant had apparently been tossed over the back fence, with a cord tightly drawn around its neck.

Automobile tracks leading up to the rear fence, lead police to believe that the body was thrown out of a passing machine.

The affair has stirred up the community to a high pitch of excitement.

# LACK OF FIRE HYDRANTS ENDANGERS DELPHOS PROPERTY

## BLAZE WEDNESDAY PROVES PERIL

Fire Chief Grothouse May Seek Action by Council

### HYDRANT IS FOUND FROZEN

1,200 Feet of Hose Required as Result

Danger of serious property damage in the San Felipe addition, a Delphos residence section, from fire because of insufficiency of fire hydrants, was demonstrated Wednesday when the Frank Brown home was attacked by flames and partially destroyed.

City council may hear a recommendation from Fire Chief Frank Grothouse that the situation be remedied.

Grothouse declared Wednesday night that there should be at least one or two hydrants in the San Felipe addition, centrally located, probably on Seventh-st., where the fire occurred Wednesday.

He declared scarcity of hydrants necessitates too long laying of hose. The fire Wednesday was taken care of in fair shape barring one unforeseen circumstance, the chief said, but in case of a fire further to the east, it might require more than the maximum of 1,500 feet carried by the motor fire fighter.

**FIRE PLUGS FROZEN**  
The department Wednesday made a connection Sixth-st. Grothouse said, and laid 800 feet of hose to the fire, but it was discovered that the hydrant there was frozen and a transfer to Eighth-st. had to be made.

In the interim the only fire fighting facilities were chemicals and a bucket brigade. The fire fighter could not be moved, the chief said, while chemicals were employed, and for a time the situation was precarious, but fortunately the Eighth-st. plug was in working order. Hose had to be laid a distance of 1,200 feet 300 less than the maximum carried on the fire fighter.

Attention was called by Grothouse to the fact that in case of a fire more than 1,500 feet away from the nearest hydrant it would be impossible to lay two inches because the department is equipped with only 3,000 feet of hose.

**FIFTEEN FEET** is carried by the fire fighter in answering the alarm. Should more be required a trip back to headquarters is necessary.

**PISTONS NOT AVAILABLE**  
In case of dire necessity, Grothouse declared, Flat Fork creek might be tapped upon for a small quantity of water, but there is nothing in the department with which to pump it except an old steamer.

Under favorable circumstances and in cases where fire has not secured a good start, any situation in the San Felipe addition may be met, but unforeseen difficulties, such as the frozen hydrant Wednesday, may arise at any time and increase the hazard, which would be reduced greatly were all property within short distance of hydrants according to the chief.

The loss of \$600 on the Brown home would have been much less had better facilities been at the department's disposal, Grothouse believes.

Attention of council has been called to the situation, but the matter has dragged along with no action being taken, according to a statement by the head of the fire department.

### SEATING OF HEALTH BOARD MEMBERS MAY BE DELAYED

Induction of H. D. Bickel and H. A. Lang as members of the Delphos board of health may be delayed at the regular meeting Friday night because of illness of Health Commissioner N. E. Brundage.

Bickel and Lang, who succeed M. H. Westerich and F. C. Laing as members, were not seated at the January meeting because of absence of a quorum.

### DELPHOS POLICE ASKED TO SEARCH FOR TIRES

Delphos police were asked Thursday to assist in the search for 15 auto tires stolen from the J. E. Mollenkott store at Convey.

"Entrance was effected by thieves removing a window, according to a police report. The tires were of assorted sizes, ranging from 30 by three and a half to 33 by four."

### GUARD ON BASKETBALL TEAM AT DELPHOS HURT

Arthur Davey, guard on the Delphos-St. John's basketball team, may be out of the game for a long time due to an injury Wednesday when he fell on a nail at the Bowyer garage, where he is employed.

The nail pierced his left hand to the bone and infection threatens. Davey is carrying his left arm in a sling.

### WILL ARRANGE SERVICES

Delphos service, F. O. Eagles, will meet Thursday evening to make arrangements for the funeral of J. M. Thatcher, first president and charter member of the lodge, who died Wednesday. Attendance at the funeral in a body is planned by the order.

### 700 GET TAGS

Police will have no use for red tags if auto owners report for registration as briskly as they have in the last two days, it was stated Thursday following a report from the Bowyer garage, local registration headquarters, that 700-1223 licenses have been issued.

### SAWYER FUNERAL

Funeral services for Mrs. Bessie Sawyer, 42, daughter of Charles Carey, Delphos, were conducted Thursday at 10 a. m. at Hartford, north-east of Spencerville, in charge of Rev. Hance. Interment at Hartford. Remains were brought from Pasco, Washington.

## Relief! Delphos Hooch Is Found Safe In Vault

Sights of relief floated ceilingward and smiles wreathed countenances of Delphos City Hall Wednesday night for that which was locked up has been loosed from bondage of iron and steel.

The general satisfaction was attributable to the opening of the big police vault, which was locked six weeks ago on 30 gallons of confiscated "hooch" and could not be opened until George Derwort, former service director, tried his hand.

He drilled a hole near the combination knob and inserted a wire with which he lined up the tumblers, afterward plugging the hole.

Chief of Police H. A. Kehres counted noses in the steel closet and found that with the exception of a little evaporation the liquor is as it was.

Kehres had never been in the habit of using the lock on the outer door, depending on the inner door, but shortly after the liquor had been placed in it somebody locked it and the combination was lost. Suspicion that somebody had removed the liquor and locked the vault to delay action by authorities was allayed.

### DELPHOS BOY IN EISTEDDFOD

Only One Solo Entrant in Big Lima Event

Debut of Dwight Ludwig, freshman member of Jefferson high school, Delphos, a soloist, featured participation by Delphos singers in the eisteddfod at Lima Thursday.

Ludwig was the sole Delphos solo entrant. He sang in competition No. 6 at 2 p. m., the song being entitled "Prayer Perfect," by Stenson.

There were 50 entrants in the eisteddfod besides Ludwig. A ladies' chorus sang in the afternoon, "Les Sylphes," by Bachman, in section No. 10.

A mixed chorus, composed of Delphos, Venetia and Gomer voices, will sing in the evening in section No. 8—"Babylon's Wave," by Gonnard.

Alfred Breese and George Williams, leaders respectively in Venetia and Gomer, were included in the Delphos choruses. Mrs. Rose East was the piano accompanist for the ladies in the afternoon and Mrs. Alfred Breese for the mixed chorus and Dwight Ludwig.

J. A. Breese, musical director in the Delphos choruses, will also assist Gomer vocalists in male quartet competition in the evening.

Scores of Delphos persons are attending the eisteddfod. Special arrangements were made for car service.

### OBSERVE HOLIDAY

Honor is Paid Washington's Memory at Delphos

Schools, banks and the postoffice were closed Thursday in Delphos in observance of George Washington's birthday.

The general delivery window at the postoffice was open from 8 to 9 a. m., but no deliveries were made.

St. John's parochial school was scheduled to be in session, but a few minutes before the close of school Wednesday plans were changed and pupils were allowed the day's vacation.

Anniversary of Washington was observed in various forms in all local schools.

### MAN WHO MADE POSSIBLE FOUNTAIN DOES NOT LIVE TO WITNESS ITS ARRIVAL

Hundreds of persons view the ornamental fountain received Wednesday for the new Delphos city park, as it stands in the Delphos Gas company office on exhibition, but among them is not the man who made the fountain possible.

J. M. Thatcher, veteran Delphos garageman, died a few hours before it arrived in the city Wednesday. He was instrumental in having the fountain donated by Joseph Roth.

Funeral services for Thatcher will be conducted Sunday at 2 p. m. at the home on W. Third-st. in charge of Rev. W. A. Deaton. Methodist minister. Interment in Walnut Grove cemetery.

### AUTHORITIES HIT SNAG IN SEARCH FOR THIEVES

Van Wert-co authorities have struck a snag in their efforts to hunt down thieves who stole a Kendaillville, Indiana, auto and are believed to be responsible for the theft of a Nash roadster belonging to Ed Fortener, Delphos.

Deputy Sheriff Fred Foley, who made a trip to Delphos Wednesday afternoon, reported that the trail of a suspect to Indianapolis was unproductive. The man's alibi was too good even to arrest him as a suspect, Foley said.

### CHAUTAUQUA SITE SELECTED

Delphos chauntauqua committee will seek no further than the Jefferson high school grounds in selecting a site for the Mutual Morgan Chautauqua bureau. It was announced Thursday. Chautauquas in previous years have been held there.

### PLANT IS CLOSED

Delphos branch of the Haas Bros. Cigar company closed down Thursday until Monday to allow repairs. Windows in the factory are being overhauled.

### BRUNDAGE IMPROVED

Improvement was noted Thursday in the condition of Dr. N. E. Brundage, Delphos health commissioner, who is confined to his home.

## PAVING WAR LULL SIGNIFICANT

Storm Expected to Break in Delphos Row

All is quiet along the firing line in the Delphos paving war, but those interested in the fight of property owners affected by proposed improvement of S. Main, S. Pierce and Cleveland-sts. against the city administration, declared it is only a lull before the storm.

Hopes for a final showdown at the regular meeting of city council Tuesday mount high.

It was found Thursday that the city officials are behind council in its latest move, and that action people's money should not be made the football of politics.

Reference was made to a fund of \$27,000 secured from sale of bonds to pay the city's portion of the cost. The year for which council contracted with the local depository to hold the money at a six per cent interest rate will expire March 17. The depository notified council that after its expiration the money cannot be retained at more than three per cent, hence a decision must be made to effect a saving of \$310, representing the difference in interest between three and six per cent for one year.

If this money cannot be used immediately it should be turned over to the board of sinking fund trustees, council has decided. With this object in view, council adopted a resolution February 13 stating that unless property owners present a petition Tuesday night giving reasons why they do not want further progress, action will be taken to start the improvement at once.

### DELPHOS SOCIETY

Friends of Mrs. Emma Claypool, gathered at her home Wednesday evening to celebrate her birthday.

The affair was a complete surprise to Mrs. Claypool.

Music and games were enjoyed during the evening, and later a delicious luncheon was served.

Mrs. Frances Jones, W. Fifth-st., will entertain the Thursday evening club at her home Saturday evening.

Three one-act plays will be given at the meeting on March 26. They are: "Martha's Mourning," "Phoebe Hoffman," "Suppressed Desires," Susan Clappell and George Cook; "Linger," Eugene Pilot.

Mrs. William Emrick, S. Main-st., will be hostess to the Royal Daughters, United Brethren church, Friday afternoon.

Members of the W. B. A. Club Girls, will be entertained by Miss Freda Wiler, S. Canal-st., Thursday evening.

Rev. and Mrs. Arthur Valentine, Mrs. Paul Hartar, Mrs. George Beam and Mrs. Ed Bryan, are attending the county Sunday School Convention at Lima Thursday.

Misses Amelia Bohn and Eulalia Wulffhorst, were in Ft. Wayne Thursday afternoon on business.

Mrs. Martin Shenk, W. Sixth-st., opened her home to the 1917 Sewing club Thursday afternoon.

Mrs. W. C. Dewesse, E. Third-st., was hostess to the Sorosis club Thursday afternoon. Mrs. J. Wolfe acted as presiding lady.

At this meeting quotations from Washington were given and Mrs. R. E. Hunt gave a paper on Americanism thru music. Mrs. J. G. Mittermier spoke on housing U. S. Ambassadors abroad. A parliamentary drill was given by Mrs. E. B. Mauk. In two weeks Mrs. J. G. Mittermier will be hostess.

Members of the junior and senior classes of Jefferson High school will give a theater party Friday evening. They will also be entertained at the school after the theater. Refreshments will be served later in the evening.

Picnic supper of the basket variety will be enjoyed by the members of the Knights of Pythias and the Pythian Sisters, on Thursday, March 1.

Invitations have been sent out to the members of the both orders to attend.

Those on the entertainment committee are Perli Wesco, M. R. Ford, Mrs. L. E. Foley, Mrs. O. H. Aue, and Mrs. Clara Clawson. Those on the refreshment committee are Homer Nihiser, Fred Hume, Mrs. Jacob Ford and Mrs. Mable Porter.

A very interesting program is being arranged by the entertainment committee. Games and amusements will be furnished for the children.

### HONORS ARE AWARDED IN ESSAY CONTEST IN DELPHOS HIGH SCHOOL

Best orations were delivered by Mildred Stallkamp, Mary Berry and Arthur Imber Wednesday afternoon among members of the senior class of St. John's high school, Delphos, during a Washington program.

This was the opinion of six judges from the junior class, Mary Jauman, Ralph Birkmeier, Richard Odenweller, Gilbert Stallkamp, Ruth Altenburger and Margaret Hartner.

The orations were given as preliminary contests to general oratorical competition later among St. John's students, and were directed by John Shenk, student, impersonating George Washington.

Miss Stallkamp's oration was the best, judges decided and Miss Berry's and Imber's second and third respectively. Themes were early history of Delphos.

Guest scholars were later visited by "George Washington."

### NEW AERIAL MAP IS COMPLETED BY U. S.

WASHINGTON—The war department announced today completion by the air service of a new type of aerial map which is expected to prove of great assistance to pilots in cross country flying.

"By use of this map," the announcement said, "the airplane pilot has before him practically all the information he desires regarding the nature of the country he is flying over."

Special colors are employed to mark rivers and railroads and highways, and they can be identified as land marks from the air. Towns are shown in the shape they would disclose to the eye of the pilot and specially colored markings show landing facilities with marginal sketches of the fields, also carried on the map.

### CHIROPRACTORS READY FOR LEGAL BATTLE IN CASES HERE NEXT WEEK

A formidable array of legal talent has been retained by Lima chiropractors to fight charges of illegality practicing medicine preferred against them by the Ohio Medical association.

Morris Winter, Esch and Holmes, of LaCrosse, Wis., general attorneys for the Universal Chiropractors' association, of Davenport, Ia., will have direct charge of the defense, Glenn V. John, vice president of the Lima District association, announced Thursday.

Local attorneys who will be active in the defense are Ira R. Longworth and Frank Downing.

Local chiropractors are prepared to meet any charges brought in the trial, they say. A hearing in the seven cases will be held before Justice of the Peace W. H. Guyton, on Tuesday and Wednesday.

Special prosecutors will have charge of the cases, no request having been made up to date for assistance from Prosecuting Attorney Eugene P. Appincoit.

Altho taken into custody with the others, H. R. Bratt is not a member of the chiropractors' association. Bratt is a naturopath, a different profession, John stated.

### MASONIC LODGE WILL INITIATE BIG CLASS

A class of 75 new members will be initiated into Lima Council No. 3, S. Main-st. at Masonic Temple, Thursday night, William H. Stolz, chairman of the arrangements committee, announced.

The annual inspection of the council, held each year on Washington's birthday, will be made by Otto B. Cornell, of Westerville. About 300 members will be present.

Refreshments will be served in the evening followed by the initiation. A cast of about 60 characters will participate in the ceremonies, incident to the initiation.

Harold F. Harter, of Toledo, deputy grand monarch, spoke to an informal social session of El Karan Grotto, No. 43, Wednesday night. Approximately 100 members were present. Refreshments were served following the meeting.

### JACOB SHOOK DIES AFTER LONG ILLNESS

Jacob L. Shook, 72, died Wednesday night at the Tuberculosis hospital, following an illness of two years. He was a member of the Moose lodge of Lima.

He is survived by two daughters, Mrs. P. H. Hinesley, San Antonio, Texas; Mrs. Philip Clapp, San Monica, Cal., and one son, Lawrence G. Shook, Los Angeles, Cal. Also two brothers, George W. Shook and Elmer Shook, both of Muncie, Ind., and two sisters, Mrs. Belle Spangler, of Muncie, Ind., and Mrs. L. F. Counsellor, of Delphos.

Funeral arrangements have not been made.

### SHOW NETS \$20,000

CLEVELAND—The recent automobile show held in the new public hall netted the city \$20,000.35, Herbert Buckman, show manager, said. The city's share represented \$11,200 for rent; \$7,615 as its percentage on tickets sold and \$1,288 for charges for special service.

### GENERAL'S WIDOW DIES

WASHINGTON—Mrs. John A. Logan, widow of the General who was killed during the Civil War, died here today of influenza after a ten days illness.

## WILHELM ABLE TO MAKE TROUBLE

Possesses Physical Characteristics to Resume Old Position

(BY HORTENSE SAUNDERS)

NEW YORK.—(Special)—What is exile doing for the ex-kaiser?

Is Doorn breaking him physically as St. Helena did Napoleon, is he still capable of a "comeback?"

According to Frederick Pierce, analytical psychologist, Wilhelm II, if given the opportunity, is still capable of making infinite trouble in the future just as he has in the past.

This is written, not in the stars, but in his glands, by which physicians and psychologists, instead of astrologists read the future of each individual.

"Napoleon's physique and mental picture showed him to be a man dominated by a varying, unstable, unbalanced pituitary," says Pierce. "As this gland deteriorated with age, he became fat indolent, puerile-minded and apathetic. Had he been released from exile, it is certain he could not have come back."

"But the Kaiser belongs to a different glandular classification. Had he been endowed with a differently balanced glandular system in his head and body, the world might have been saved the recent war."

"A less active thymus gland in his chest and a more vigorous frontlobe of the pituitary in his head, he would literally have been less 'chesty' and more reasonable."

"The Kaiser is a glandular inferior." Slender, of medium stature, heavily bowed, narrow dental arch, high round forehead, with inferior blood vessels, he suggests the type that is dominated by the thymus, probably unstable thyroid and inferior interstitial secretion.

"Mentally this type is highly unstable, sometimes delusional, usually with exaggerated ego consciousness. It is easily influenced by certain dominant types, but has difficulty in sticking to decisions unless influence is kept in force."

"This type is emotionally minded and easily flattered. Physically inferior, it seeks to compensate for this by being self-centered to the last degree and when the accident of birth or circumstance places such persons in an exalted position which can easily be merged into a delusion of grandeur."

"Napoleon's glands deteriorated with the advance of age. But the thymus gland often shows persistent youthfulness. The ex-kaiser belongs to a type too unstable to act boldly and determinedly on any given line for a long time unless influenced and buoyed up by others."

"Let alone the Kaiser will follow the lines of the least resistance and remain a rather brooding bourgeois, subject to bronchitis, sore throat and bad circulation, fits of depression and increasingly irascible temper, but released and returned to a position of power and influence, surrounded by the pomp and dignity upon which his nature feeds, he could easily revert to his pre-war type."

ALBANY—George Washington was an advocate of light wines and beers, according to an itemized list in his hand writing, found in a vault of the state educational building. The statement covers a period of three years. Among the items are:

Beer \$170, claret \$105, porter \$15 and five shillings for cordials. His coal bill was only \$30, but candles cost \$85 and wood \$145. The meat bill for the three months was \$860, while vegetables cost \$250 and milk and cream \$145.

### KENTON MYSTERY BELIEVED SOLVED

Suicide of Girl Clue to Slaying of Infant

KENTON.—(Special)—A suicide committed here shortly before noon Thursday is believed by Chief of Police Sheldon to have solved the mystery surrounding the finding of the dead body of a two weeks old babe Wednesday.

Miss Pauline Thrallkill, waitress, was found in a dying condition in her room shortly before noon by Mrs. Verne Waterman, wife of Miss Thrallkill's employer, who called to ascertain why she was not at work. The girl died shortly after Mrs. Waterman arrived and is now being held at a local morgue where a medical examination will be made Thursday afternoon.

Information given to Chief of Police Sheldon several weeks ago, to the effect that Miss Thrallkill was about to become a mother, leads to the belief that the mystery surrounding the finding of the baby will be cleared.

## IMMORTAL GEORGE

GEORGE WASHINGTON was born Feb. 11. We celebrate his birthday 11 days later. So did George, until he was 20. He changed the date to make himself corrected to the Gregorian or reformed calendar which was adopted in 1752 in England and its colonies. This reflected the accuracy and thoroughness powerfully developed in his character.

We remember Washington chiefly as our first president. More important, he was the powerful personality that held the Thirteen Original Colonies together until they won their independence. It was George Washington who fired the troops and the people at home with fresh courage and determination when the outlook was blackest. And Washington, as he led America victoriously thru war, also led it victoriously thru the confusion and dangers that beset our republic in its infancy. A giant personality, George. Much profit and inspiration, in studying his life. Few leaders like him in all history.

## WAVE OF FORGERY

GETTING something for nothing, by taking a chance with the law if necessary, is just as firmly fixed in the intentions of a certain percentage of the people today as it ever was. In the days of the circus, when the card sharp and the three-shell fakir was accustomed to plying his nefarious vocation, there were suckers aplenty. Altho there are occasional reports of the operations of smooth crooks who sell city parks, street cars and even the city hall to verdant strangers who visit the larger cities, this sort of thing is dying out, due to exposures made by newspapers, which reach every corner of the country.

Probably adhering to the belief that the world owes them a living, without working too hard to get it, certain numbers of smooth gentry—and crude ones as well, are turning their hand—and pen—to forgery. It is an easy method of getting money illegally, but few there are who get away with it. The penitentiaries of the various states today have within their walls many persons who foolishly entertained the notion that 'twould be easy to gain a livelihood at the expense of others, simply by clever writing of checks and bringing into play a daring that disarmed suspicion when they were presented.

Despite the fact that forgers are generally caught and punished, others try the same game—only to be apprehended and punished. Just at the present time there appears to be an epidemic of inclination to commit forgery. It behooves merchants and others to be on their guard. Bankers have little trouble along this line. They are acquainted with the ways and wiles of the 'bad check worker. Checks that show evidence of erasures or changes are dangerous.

Those who cash checks have a right to make assured that they are not forgeries. Caution is the price of prevention of loss.

## TIME WORKS WONDERS

OLD King Tutankhamen, judging by the plunder taken from his tomb, enjoyed the top-notch of wealth, power, fame and luxury—as luxury was conceived in the crude life of more than 3000 years ago. No doubt, he imagined that people would forever speak of him with awe.

We wonder what his reaction would be if he could come back and find facetious newspaper headlines calling him "King Tut." It's a super-illustration of Father Time's irony. However, breezy Americans are giving King Tut their highest honor—a nickname. In America the slate is wiped clean each morning. We have respect only for the future. Prepare for Tut Dances and Tut Comedians in musical shows. A shrewd fashion house already is selling Tut Prints.

## ABE MARTIN

Madame Neuralgia, the palmist, stopping at the New Palace hotel, told Fanny Zippel she'd marry a dark, romantic looking fellow and be very happy for several days. "Wait till I phone my wife an' tell her where my car kin be found," said Late Bud O' day, when they Lark offered him a drink.

peeps from the bottom of the afternoon dresses. These are usually edged with color, matching a similar shade elsewhere. Fur and near-fur is universal on diverse sorts of gowns. Monkey fur is still popular. Bright yellows, vivid reds, orange, 1936, blue, in the shade no popularized by Mrs. Harley Holmes, the musician.

One-piece slips of paiseley or a vivid shade, Madame often fancies. Made from Canton crepe and crepe de chine, the latter seemingly very ultra. Much Egyptian, Bulgarian and Far-East embroidery touches are noted on both dresses and hats. Linen, French voile and pongee are to the forefront again. Ma fois, to be truly swank you must possess something of this sort.

White, however, remains pre-eminent for both afternoon and evening wear, and white linen especially chic. Beads are dangling from the halt and the blind, as well as the debutante. Far from passe, they seem more in than over. Earrings, too, are a part of your costume. Albeit, the shimmering, sparkling, gew-gaw gown still is with us. Dresses all but trail the ground, even the better groomed sports toilette tapping the ankles.

The men? Why, these old geezers who have gazed gawkingly and hungrily at the short skirts. Are now fooling themselves, thinking the opposite sex wants to see their's. You see many a tottering old-toot wearing knickers and jest spreading himself. Knickers, the perennial blue-charge, white trousers, and loud checks for morning wear really reign in ml lord's wardrobe. Fewer stick pins and tan shoes are seen. The tuxedo has almost totally eliminated the dress suit. Yet many affect white waistcoats therewith.

In the evening to a so-called club. Around the roulette tables,

fifteen or twenty women of le beau monde. The wealth of covering alone, equalling all the assets of the Lima Trust. One hand-painted matron of mayhap thirty-five, a monogrammed cigarette nonchalantly drooping from her lower lip, at her elbow crupper counters showing she had lost \$175, wore as dispirited features as I ever did see. Her greasy ermine coat was thrown back, and diamonds that would cause Basinger's to take out more insurance, glistened from her fin gers, as she nervously toyed her checks. This is what is happening in America. For stamped on her ageing features was the easily recognized mark of crystallized coquetry. From her bag, she lifts a handkerchief, and sniffs.

Later from a habitude, I learned who she was. The wife of a young multi-millionaire, just going the pace, as are they all. Whiskey has become more tonic to the ultra-fashionable east of the Mississippi, and champagne a mineral water. I learned also, that statistics show one out of every 500 men, women and children of the Atlantic seaboard are now dope-heads. Thus, have the poor and the honest proletarian, gained. Our blue-blood is sinking into murky mire; their places taken by the clean-bred from the middle and far-west. Albeit, whose sons and daughters, each in turn, will go the way of least resistance.

Dope enough to ruin a community can be peddled in a waistcoat. We have reformed the old-town drunkard, who went bloozy on Saturday night and back to work on Monday. But what, poor innocents, have we done to the wealthy, the literateur, the actor and actress, to the man of brain, and the woman of idleness?

Pity is no longer for the poor or the middle-class; God save the artists and the educated. And so, in sorrow, to bed.

### HELL DO

He can talk to the scholar or talk to And yet he likes jazz when it's cleverly played.

Though neither the one nor the other; He's normal and healthy and honest and clean

The children he meets with take to him at once And so, by the way, does their mother;

Wherever he goes he fits in with the crowd. His laughter is hearty and mel-low,

He's neither too humble, too wise nor too proud, But simply a Regular Fellow.

He isn't afraid to be acting the clown, When clowning will make people merry;

Yet dignity sits on his head like a crown, When dignity seems necessary;

He's fond of good music, however it's made, By fiddle, piano or cello.

He's normal and healthy and honest and clean

The kind of a chap you can tie to, And though he is faulty, he never is mean,

He couldn't be that if he'd try to; A decent American, fond of his home,

Wherever he happens to dwell; oh, There isn't a type that is leading the loam

More loved than the Regular Fellow! (Copyright, 1923)

### IF YOUR HEAD IS NOISY, SING

Back for the flood I told volume nor pitch. Whether his wife, if any, left him, the protocol does not mention, but I'll say there is more than one reason for quitting a man cold. The doctor could hear conversation not at all with his left ear and only six inches with his right ear. After a course of voice culture he could hear his own voice and gauge its volume and pitch well; he could hear conversation three feet with his right ear and six inches with his left. He had no more head noises: in fact he chattered up and felt and looked like a new man. (Now, suppose his wife had lost patience and taken the air; what a terrible mistake that would have been! I mention this as a warning to wives whose husbands grow a little deaf.)

What the singing, humming and reading exercises are Dr. Winslow does not detail. He mentions that it is excellent practice to hum the consonant M in such a way that the lips can be felt vibrating and to sing the vowel E for two minute periods three times a day high up in the nasal chambers with a decided nasal twang. Perhaps this explains why George M. Cohan never lost his hearing. I'd suggest the coal cellar or the back pasture as a good place in which to practice until your voice is tuned.

### QUESTIONS AND ANSWERS

Head Matter

I want to get a doctor look one that contains pictures of all the internal organs showing how they work and all the symptoms of diseases telling how to treat them at home — J. C. P.

Answer — Various quacks and nostrum makers present such "doctor books" free to prospective victims. The book says its own words: "What we need is a health book for folks who are made sick by reading 'doctor books' too seriously." Modesty forbids naming the nostrum book here.

Most Beneficial Temperature Please let me know what is the most healthful temperature in a house of three storywings and one child — F. M. A. Answer—Sixty-five degrees Fahrenheit.

Dictaphone Work I am commencing the use of the dictaphone in my work and have been told that it causes nervousness in a house of three storywings and one child — F. M. A. Answer—It doesn't. If you are inclined to become deaf, practice singing every day in a humming. (Copyright, 1923)

## Many Women Are Taking Bitro-Phosphate Now

Women lacking in nerve force and whose minds are not as keen as in day's gone by are fast finding that organic phosphate is the one element that their impoverished nerve and blood cells need. Bitro-Phosphate, for which there is such a large demand, is ordered by physicians because with its use comes the spirited buoyancy and energy of youth. It feeds the nerve, brain and blood cells just the food nature intends strong healthy people to have, and is a safe, inexpensive upbuilder—Ad.

## ARREST FACED BY BERLIN CHIEFS

Ministers Ordered Seized on  
Entry of Ruhr

VISITS BARRED BY FRENCH

Teutons Cut Off Coal Supply to  
Neutral Countries

BERLIN—(Associated Press)—A despatch from Essen says that General Degoutte has issued an order forbidding the entry of German cabinet ministers into the occupied area. The general has instructed the police and other authorities to arrest any minister disobeying the order and to bring the offender before the military court.

ESSEN—(Associated Press)—Steps to make the effect of the occupation of the Ruhr felt by neutral countries have been taken by German mine officials as part of the passive resistance program, according to information in the hands of the French. At a meeting in Bochum, attended by the coal mine officials of the entire district, it was decided to cancel all coal contracts with Holland, Switzerland and other neutral countries, it is stated.

The mining officials agreed they would supply only the local needs of the Ruhr district hereafter.

**POLICE ACTIVE**  
The activity of the security forces against French and the Belgians is increasing. The French have ordered the dissolution of the organization which is composed of former non-commissioned officers in the imperial army. The Germans are making efforts to keep the security police in activity. Most of the security police of whom there are about 10,000 in the Ruhr, have been disarmed.

Cases of sabotage, chiefly along the telephone and telegraph lines are continuing greatly to hinder communication by the French and Belgians. The lines are guarded throughout the area. Nevertheless wires are being cut every night. The soldier guards have been ordered to shoot on sight, individuals caught in the act of cutting wires or otherwise committing sabotage on the lines of communication.

**TO TAKE OVER RAILS**  
PARIS—(United Press)—France and Belgium have evolved a plan for taking over recently the railways of the Ruhr and the Rhineland, it was learned on reliable authority today.

The lines will be exploited under civilian control and the proceeds applied to reparations, if the scheme is effected. Premier Poincare and

Theunis are understood to have agreed to a joint control of the roads as autonomous lines for a long period. For one thing it will be assurance to France and Belgium that the Germans are not using the railroads for military purposes. Italy and possibly other countries may be invited to participate in the exploitation, Fertinax, in the Echo de Paris, says and thus the Rhineland will be partially internationalized.

**SERIES OF MEETINGS  
WILL OPEN AT Y. M. C. A.**

First of a series of industrial "open houses" will be held Tuesday night at the Y. M. C. A. by the employees of the Solar refinery.

The entertainment will consist, for the most part, of stunts staged by different groups of refinery employees, and the aim of the meeting is to engender closer friendship and fellowship among the employees, their families and their employers.

Besides stunts, the program will consist of music and a number of athletic events. Refreshments will be served following the events in the gymnasium. Between 600 to 800 are expected to attend.

Similar program for other Lima industries will be held in the near future.

**MRS. BORDEN DIES**

Word has been received here of the death of Mrs. Elizabeth Borden, 75, at Maria Stein, Wednesday evening. She was the mother of Mrs. A. B. Brunswick, 377 W. Wayne-st. Death was due to a stroke of paralysis. Funeral services will be held Saturday at 9 a. m. from the St. John's church at Maria Stein. Interment in the church cemetery.

## PROPERTY VALUE HIGH IN CITIES

94 Municipalities Pay 60 Per  
Cent of Ohio Taxes

COLUMBUS, — (Associated Press) — Ninety-four cities in Ohio contributed nearly 60 per cent of the total real and personal property valuation of the state last year, the annual compilation of the state tax commission shows. Total valuation of the state was \$10,406,622,222. In the 94 cities, the figures were \$6,105,916,590 or 58.673 per cent of the total.

Public utilities were given a value of 13.722 per cent of the aggregate or \$1,394,591,530. Rural and city valuation were:

Real estate (rural) \$2,019,206,460, 19.403%.

Real estate (cities and villages) \$4,467,208,247, 42.926%.

Personal property (rural) \$1,300,612,005, 12.498%.

Personal property (cities and villages) \$2,619,595,005, 25.173%.

The average tax rate of the state was 21.537 mills. The highest rural tax rate was 31.8 mills; the lowest, 9.8 mills. In the city, the highest tax rate 22.2 mills, the lowest, 13.4 mills. The highest village tax rate was 31.2, the lowest, 12.7 mills.

The schools share of the tax funds dropped away sharply last year from the high mark of 1920, the report shows. In 1920, 44.499 per cent of all taxes collected went to the schools. This was decreased to

42.959 in 1921, and to 42.869 in 1922.

Percentage of taxes that went for state highway improvement was greatest in 1919, according to the figures, where it was 3.256 of the total; last year this was 3.321.

Taxes that went to the schools last year totalled \$96,083,187.29; cities and villages, \$58,498,439, counties, \$41,958,786; townships, \$13,239,377; state highway improvement, \$5,201,442; world war compensation, \$5,201,442; state buildings, \$2,901,081.

Delinquent taxes assessed last year amounted to \$16,382,617.

In thousands of cases where they  
had treated so-called eczema, with  
the usual ointments and failed, they

got immediate relief and a total  
disappearance of the sores, itch  
and redness in two or three days  
with Whitmarsh Blood Purifier. So  
it appears that after all much of  
the eczema is nothing but ivy poison  
and with this wonderful ap-  
piling you can get rid of it in two or  
three days. The remedy has been  
well known in many sections for  
over fifty years as an internal  
blood medicine and its action is  
quite wonderful.

If you have been treating eczema  
for years get a \$1.00 bottle today

MRS. J. D. S. NEELY, S. Cole-st., presided at a handsomely appointed dinner at her home, Thursday noon. The dinner was a family affair, given in honor of Mrs. Neely's son, N. L. Neely, Tulsa, who is a houseguest of his mother. The guests, numbering sixteen, were seated at one large table, which was most attractive in its appointments of red, white and blue. Place cards and favors carried out the suggestions of Washington's Birthday.

Those who spent such an enjoyable afternoon with Mrs. Neely were: Mr. and Mrs. M. K. Glover, Mr. and Mrs. H. G. Snulkin, Mr. and Mrs. H. G. Neely, Mr. L. G. Neely, Miss Jane Potts, Miss Louise Neely, Mrs. Agnes Glover and Mrs. Clarence Backlin, all of St. Marys, Mr. and Mrs. J. A. Neely, Wooster, Mr. Arthur Neely, Peleburg, Pa., Mrs. J. C. Fergie, Pittsburg, Mrs. Edna Neely Rogers and Mr. N. L. Neely, Tulsa.

The luncheon tables in the Crystal Room of the Hotel Argonne made a very pretty picture, Thursday, when the Daughters of the American Revolution entertained at their annual luncheon. The officers of the local chapter and Mrs. William Wilson, State President, were seated at one large table, while the other members were at smaller tables. The large table had for its centerpiece, a large white birthday cake, with sixteen candles on it, today being the sixteenth birthday of the local chapter. In the center of the cake, was a large arrangement of old-fashioned flowers with a large paper holder. At each end of the table were tall cathedral candles, blue, tied with buff tulle. Place cards were suggestive of the day. At the smaller tables were the blue candles with buff tulle. Preceding the luncheon, an informal reception was held on mezzanine floor, for Mrs. William Wilson, Eliza, who later spoke to the women.

Mrs. Dwight McNeiff, S. West-st., entertained the members of the Jollyette Bridge club, Wednesday evening. In the card games, Mrs. Byron Beam and Mrs. W. A. Gerlach held high scores among the club members and Mrs. L. G. Lerch and Mrs. E. Weaver among the guests. Mrs. McNeiff served a two-course luncheon, carrying out the appointments, suggestions of Washington's Birthday.

Guests other than the club members were: Mesdames L. G. Lerch, John Curdick, Ed. Weaver, David Carpenter, L. G. Symonds and J. W. Jackson.

Mrs. J. W. Tucker, W. Elm-st., entertained the members of the Thursday Luncheon Bridge club at her home, Thursday. Luncheon was served at 1 o'clock, the guests being seated at one large table, which was artistically decorated with red tulips and tall blue candles tied with white tulle. Place cards were of patriotic note and small hatches were given as favors.

Those who enjoyed the hospitality of Mrs. Tucker were: Mesdames E. W. Stump, W. H. Howell, E. H. Lawler, E. E. May, R. R. Cotner, S. B. McGuire, O. W. Miller and Miss Treaster.

Miss Gertrude Boose and Clarence Jones held high scores Wednesday evening, when Mr. and Mrs. A. G. Sawyer entertained informally at an evening of bridge for their houseguest, Miss Adelaide Engle, Middle-town.

Mrs. C. H. Swallow, 905 E. Kirby-st., announces the marriage of her sister, Miss Rose Pfaff, Cleveland, to C. H. Metz, also of Cleveland, on February 15th. Miss Pfaff formerly resided in this city and was employed at the Metropolitan Life Insurance Co.

After March 15th, the couple will reside at 522 E. 114th-st., Cleveland.

Mrs. H. O. Bentley, Lakewood-av., left Wednesday for Birmingham, Ala., where she was called due to the illness of her daughter, Jane, a student at the Birmingham School for Girls.

Mr. and Mrs. B. C. Wolfe, Foresta, are the house-guests at the home of Mr. and Mrs. W. B. McCaren, S. Baxter-st.

Miss Onelda Nelson, of Mt. Clemens, Mich., is a house-guest at the B. A. Gramm home on S. Cole-st.

## SUSIE SMART'S ADVICE

Dear Miss Smart:  
I am coming to you for a little help. I am deeply in love with a girl. I became acquainted with about seven months ago. I love her and know she cares for me, but her mother objects to her going with me. I try to be a gentleman at all times, whether in her company or not, and try to treat everybody right. But I have learned late that a friend of this girl's mother has told them lies about me. I can prove what she said about me is untrue. I have told this girl about my mother and she believes me. But she does not like to have anything to do with me, because her mother does not like me. I wonder about her when she goes any place with me. How can I make her mother see that I am innocent? I love her girl very much and would do anything that I can for her. She is twenty-two years of age. I believe she is old enough to care for herself, don't you? I am twenty-four. Is there too much difference between our ages? Please tell me how to prove to her mother and to make her understand and I am innocent.

I would advise you going to the woman who told the girl's mother untrue things about you and ask her where she heard these things. I think that if she can not prove the statements about you, then it is up to her to correct herself. If your girl's mother finds out that you are not in the wrong, perhaps she will allow you to go with her daughter. Certainly the mother is broad-minded enough to listen to reason. Go over and talk to her be courteous, polite to her and then if she still wishes her daughter not to see you—then try and give the girl up. No matter if she is twenty-two years of age, she must respect the wishes of her parents. No. I do not think there is too much difference in your ages.

Dear Miss Smart:  
Please answer the following questions:  
(a) Are curtain draperies going to be in style this summer?  
(b) How long should a girl of sixteen wear her dresses?  
(c) Will strawberry color be popular this season?  
(d) How is my writing?  
BLUD EYES.

(a) Yes.  
(b) It depends upon the height of the girl. I can hardly say correctly; however, a girl sixteen should never wear styles in the extreme—that is, never an extremely long dress or an extremely short one, as the style may be.  
(c) I cannot say as to its popularity; however, it is being shown with the new spring colors.  
(d) Rather small and scrawly; use more free hand movement.

Dear Miss Smart:  
I am a young widow. My marriage was so unhappy and my husband was so unkind to me that it was a great deal of relief to me when death freed me, the that may sound to some people to be a dreadful thing to say. Now I am in love with another man and he wants to marry me, but I can't forget the happiness I have had. It seems to me that this experience has darkened my whole life. What shall I do?

My advice to you is to stop worrying and try to put this unhappy experience out of your thoughts. Marry the man you love and be a good wife to him. You will no doubt find happiness again and can forget the past.

BLUD EYES.

(a) Yes.  
(b) It depends upon the height of the girl. I can hardly say correctly; however, a girl sixteen should never wear styles in the extreme—that is, never an extremely long dress or an extremely short one, as the style may be.  
(c) I cannot say as to its popularity; however, it is being shown with the new spring colors.  
(d) Rather small and scrawly; use more free hand movement.

Dear Miss Smart:  
I am a young widow. My marriage was so unhappy and my husband was so unkind to me that it was a great deal of relief to me when death freed me, the that may sound to some people to be a dreadful thing to say. Now I am in love with another man and he wants to marry me, but I can't forget the happiness I have had. It seems to me that this experience has darkened my whole life. What shall I do?

My advice to you is to stop worrying and try to put this unhappy experience out of your thoughts. Marry the man you love and be a good wife to him. You will no doubt find happiness again and can forget the past.

BY E. PHILLIPS OPPENHEIM

(Continued From Page One)

In Woolerton Road, and a motor ambulance came dashing up. I strolled along the thoroughfare until I sighted a taxicab. I hailed the man and hesitated for a moment, glancing up at the sky.

"Is it going to keep fine?" I asked the driver.

He considered the point, for a moment. "Don't fancy there's much more rain about, guv'nor," he replied.

"Then drive to Streatham Hill Station," I directed.

From Streatham Hill I traveled

slight refreshment, I engaged a taxicab to drive me to Linkside, the country retreat of a certain Mr. James Stanfield, situated on the fringe of Woking Golf Links. William, my man-of-all-work, was digging in the garden, and welcomed me with the bucolic indifference of his class. Janet, his niece, admitted me promptly to the house, and received my unexpected visit with a respectful lack of curiosity that was a heritage of her earlier training as a parlor-maid. She lit the fire in the little sitting-room and listened to my few remarks with imperturbable pleasantness. Yet on that morning, perhaps more than any other in my life, I felt a shadow of uneasiness

By BLOSSER

"Did you tell him?"

"I do not know it, sir," she reminded me quietly.

I removed my glasses and polished them. I am an expert physiognomist, but the girl's impassivity baffled me.

"I will leave it with you before I go away next time," I promised.

"Please put me out a gray tweed golf suit and stockings."

"Shall you be requiring lunch, sir?" she asked.

"I will lunch at the Golf Club," I told her.

"I shall dine at home."

She left me silently and without further remark. When I went upstairs, a few minutes later, my bedroom as usual was spotlessly neat.

My golfing clothes laid out without any single omission. I discarded my somewhat heterogeneous articles of attire, donned my golfing habiliments with some care, and made my way to the links.

In the passage of the clubhouse I met the secretary.

"Are you wanting a game this afternoon, Mr. Stanfield?" he asked.

"I should be glad of one," I replied.

"There's a man just come down," he went on. "—four handicap. You will find him in the grill."

I made my way there. Seated at a table alone was Sir Norman Greaves, the man who had watched for my arrest, a few hours ago, in Woolerton Road, Brixton.

## BEGAN IMPROVING RIGHT AWAY

States Plant Juice Relieved Awful Burning and Bloating in Stomach

A WELL KNOWN LIMA MAN

"I began to feel the effect of your Plant Juice almost from the first dose I took and I am now improved so much that I gladly recommend your medicine to the public," said Mr. C. N. Roedel, of 819 East Kibby street, Lima, while

MR. C. N. ROEDEL, talking recently with The Plant Juice Man at Hunter's drug store, 49 Public Square, Lima.

"For months I have suffered from terrible aches in my stomach and at times my stomach would burn and feel like it was on fire," Mr. Roedel continued. "I bloated badly and it sometimes seemed that my heart was attracted from the gas. I had no appetite and what little food I ate would put me in misery. I suffered often from headache and was very restless at night."

"I read about your Plant Juice and the fine results so many people were getting from its use and so I started taking it and it is relieving my troubles right along. I have only been taking your Plant Juice a short time but already I have improved so much that I can eat almost anything I want; sleep good and pains in my head are gone. Those spells of burning and bloating in my stomach are nearly gone and, in short, your Plant Juice has done more for me in just the short time I have been taking it than anything else I ever used. I think its action on the stomach and liver is remarkable and I gladly recommend it to the public."

The Plant Juice Man is at Hunter's drug store, 49 Public Square, Lima, where he is daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

Plant Juice is sold also in Lima at Hunter's drug store at Main and Wayne streets and at the Argonne drug store, opposite Post Office.—Adv.

## SOUTH AND CENTRAL ANXIOUS TO WIN DISTRICT TITLE

(BY MERRICK M. HILL)

The keen rivalry which has existed between South and Central, first on the gridiron and then upon the basketball court, has disappeared for the time being, and both schools are working hard, with but one thought—

"Win the Bluffton tournament title for Lima."

Central students are boasting South and South is boasting Central right now, and claiming that one of the two city teams will win the Northwestern Ohio district title honors.

Ada is the only school, which is expected to cause trouble for the Lima quintets, and to offset this, there is a "hunch" that the team, which defeated Central during the middle of the season, will not prove so bothersome at Bluffton.

More than 25 teams are expected to enter the Bluffton, when the battle royal starts March 2. At the tournament, which is being held at the Bluffton, Lima's teams will not play more than four or five games, provided they win the semi-finals, and it would not be surprising to see South and Central line up for their third encounter of the season in the last battle of the tournament.

Three games are on Friday night's schedule. South will play Wapakoneta, Central meets Norwalk, and St. Rose plays Fort Wayne Central Catholic quintet.

The victory over Central a week ago added new zest to the Bluffton, and South is expected to win up a considerable score. The Bluffton will be South's last appearance in Lima for the season and the last game to be played, on the present under-sized gym.

Central knows very little about the ability of Norwalk, except that they have been meeting fast teams in Cleveland and have been winning a goodly portion of their games. Coach Thibault is pinning his hopes for the tournament and expects to make the Norwalk game a part of the training program.

Revenge again is driving St. Rose to the limit in their preparations for Fort Wayne. The visitors defeated the Irish quintet at the beginning of the year at Fort Wayne and Coach Baker and his aggregation feel they have improved sufficiently to win and thus end the series. St. Rose will not take part in the Bluffton tournament, due to the withdrawal from the Ohio State Athletic association until next fall.

St. Johns, considerably heartened over their victory Wednesday night over Columbus Grove, are looking forward to adding Colmer's scalp to their belt Friday night when they play at Goulet.

## SMALL SCORES MARK SESSION

TOLEDO — Eight Toledo quintets and two each from Cleveland and Elkhart will occupy the alleys in the Ohio State Bowling Tournament here tonight.

Bowling yesterday and last night was featured by low scores, especially the only team to land in the second circle in the five-man division was the Fremont Stars, of Fremont, who collected 2862 pins for fifth place.

G. Link of Cleveland bowled his way into a tie for second place in the singles with St. Martin of Cleveland when he put together games of 225, 190 and 259 for a total of 674. J. Barwig, of Canton, occupied ninth place in this division with a score of 647. There was no change in the standings of the double division.

P. Routhier bowling with the Souda Cigar Five of Cincinnati last night missed bowling a perfect score by two pins. Routhier rolled eleven straight strikes but got a big split on his twelfth ball leaving the six and ten pins standing. He got a total of 298. The Souda Cigars hit a team total of only 2681.

## COLUMBUS ELKS BOWL THURSDAY

COLUMBUS — Five Columbus bowling teams will occupy the alleys in today's Elks' National Bowling tournament. B. Conish, Toledo, yesterday with a score of 618, landed tenth place in the singles.

## Michigan Excited Over Coming Clash With Iowa

ANN ARBOR, Mich. — In a conspicuous spot in Waterman gymnasium here there appears, in huge letters, this placard: "Gone, Remember, March 30, to those who follow the basketball destinies of the University of Michigan, the meeting is plain. For on that date the Wolverines meet Iowa in what looms up as the most important tilt of the Big Ten season. The outcome of which will no doubt be anxiously awaited by fans throughout the middle west.

This fracas means everything to the Maize and Blue for unless some unexpected upsets occur it will decide the Western Conference championship for the 1933 campaign. Michigan needs this game, for victory, providing the dope runs, is a ticket in other clashes in the Big Ten. It will give it no worse than a tie for the honors. Defeat, of course, will practically assure the Hawkeyes of the title.

But that is not all. Michigan is seeking revenge on this occasion. For earlier in the season, Iowa came from behind and turned what seemed like a Wolverine triumph into a defeat. In the last few seconds of play, a long shot from mid-floor sent the Tray Iowa way, 18 to 17.

That beating still rankles at Michigan. And like the Ohio whipping on the gridiron back in 1921, the Michiganians haven't forgot that defeat in the Hawkeye ball-park. Michigan would rather trip an Iowa team than any in the Big Ten.

Incidentally, the Mather-coached players are being groomed for this crucial embroglio in such the same manner as the Yost football eleven

## WAITE HOYT TO TELL OF TRIP

### GIANT PLAYER PLEASED JAPS

(BY WAITE HOYT)

George Kelly of the New York Giants was the outstanding here of the baseball expedition to the Orient, from the Japanese viewpoint.

The Japs being small of stature, Kelly, six feet four inches, was regarded as a superhuman, even in civilian clothes. Around the hotel or at the railroad stations Kelly was always the center of attraction.

In a baseball uniform Kelly seems even taller, and when he and Johnny Lavan, who was playing short for our team, held a conference it always got a big laugh. Lavan and Kelly were the Mutt and Jeff combination of the trip. Those two famous comic characters are almost as well known in Japan as this country.

Aside from the hitting ability of the Americans, the Japs marveled at our long-distance throwing, and the accuracy with which the outfielders could get the ball to the plate.

Kelly has a great arm. His throwing ability, added to his size, also helped to make him a big hero in the eyes of the Jap fans.

Even more interesting to some of the fans than the game itself was Kelly's exhibition of long-distance throwing. This was an added feature before each game.

Standing in the outfield, at the remotest point in the park, or at the home plate, Kelly would make several long-distance throws after get-

WAITE HOYT, STAR PITCHER OF THE NEW YORK AMERICANS AND WORLD SERIES HERO, WHO RECENTLY RETURNED WITH THE ORIENTAL BASEBALL EXPEDITION AND HAS TOLD HIS STORY OF THE TRIP TO HOLLY FAXES.

ting his arm properly warmed up. On every occasion his final throw would pass out of the confines of the park.

None of the Jap players could come close to equipping such a feat as Kelly would do. Kelly, usually his ability to do the unusual, in their eyes helped make him a big favorite.

The throwing arm of the Jap is a peculiar affair. From short distances he can get good speed on the ball. The infielders are able to get the ball across the diamond as fast as the players run, and most of the pitchers have better than the average speed, but they are unable to make the ball carry any great distance.

Kelly, by the way, will continue to remain a favorite in Japan for some time. He was engaged by a movie picture concern over there to play the leading role in a film featuring baseball. Kelly's great popularity with the fans won for him the leading role.

He is the hero, of course. After being kidnapped by some Jap bandits, so that he will not be able to play in the big game of the year, Kelly knocks out eight Jap guards, makes good his escape, and arrives at the ball park in the ninth inning, just in time to go to bat in a pinch and make a home run with the bases filled, winning the ball game and the heroism as well.

It is possible the picture will also be shown in this country. Kelly will always be welcomed in Japan.

## FIRPO ARRIVES IN NEW YORK

NEW YORK — Luis Angel Firpo, South America's bidder for the world's heavyweight boxing championship, arrived here today on the steamship Southern Cross from Buenos Aires.

Firpo is expected to meet Bill Brennan at Madison Square Garden next month. Brennan has been the holder of all recent claimants to a title match.

Firpo went back home last summer after dropping a trio of third raters. In Argentina he is a national hero and already considered Dempsey's successor.

## HUGE PURSES HURT SMALL CLUBS

MEMPHIS, Tenn. — The Western Golf Association is investigating claims that professional golfers are being overpaid for exhibitions, says Charles O. Pfeil, Memphis architect, president of the Western Golf Association.

"Exhibitions" are a wonderful thing," states Pfeil. "They inspire players, and the more staged, the better golf is benefited. However, smaller clubs cannot afford to pay enormous sums and are deprived of the privilege of getting the machines."

Pfeil is a booster of Chuck Evans' plan to raise money to give some caddy a college education. Evans has dictated a number of phonograph records, each a lesson in golf, and they are on sale. The money derived will be used toward giving the winner of a caddy tournament, to be staged at Chicago, an education.

Pfeil is 61 years old and was 30 years of age before he played his first game. He says he is an "80 player," but is far from satisfied. He is also on the executive committee of the United States Golf Association.

## JOCKEY SETS NEW WINNING RECORD

By winning his twelfth victory in 16 starts, turf experts claim a world record for Harry D., beautiful sprinter, now running at the Tijuana, Mex., race track.

Apparently the condition of the track means nothing to Harry D. Some of his starts have been on a track slow and muddy, while others have been run on dry-as-dust turf, with a half dozen races on tracks between the two extremes.

Harry D. is owned by C. B. Irwin. He is a big favorite with followers of the turf.

## Matty Happy Over Return To Game

BOSTON — Christy Mathewson's return to baseball as president of the Boston Braves is "just what the doctor ordered" to complete his recovery from tuberculosis, he said today.

Despite his optimistic view, however, it is understood his condition is such he may be required to remain away from crucial games on account of the strain on his heart.

"I always wanted to get back in baseball, but I did not expect to get back so soon," smiled "Matty" when asked about his aspirations and intentions as a manager.

"My doctor feels that the work I intend to do will be of great benefit to my health, so long as I do not get run down."

Mathewson is supremely happy at having "beaten back" against tuberculosis to the point where he again can take a hand in the national sport. But his eyes, clear and sparkling after the outdoor life he has led for the last few days at Saranac Lake, clouded for just an instant when he said:

"My days of playing are past."

Speaking of the future, Christy said he had not had time to map out his plans for the Braves next season.

## ST. JOHNS WINS

St. Johns staged a spectacular comeback Wednesday night, following the overwhelming defeat at Kenton a week ago, and decisively defeated Columbus Grove, 23 to 16.

The South Side aggregation were able to score almost at will during the first period, which ended with St. Johns on the long end of an 18 to 6 score. The defense, used by St. Johns during the first half, did not hold up during the second session, when each team scored 10 points.

Schmidt and Munch lead St. Johns' attack and Teegardin and Baxter were high point gatherers for Columbus Grove.

OPINION DIFFERS ON CHEAPER MOVIE DUCATS

(BY GERTRUDE GILLIAM)  
THE motion picture industry is now in a state of flux and the view is being shaken around and around. The lineup of stars with the various companies is changing from day to day. The one likely development of the present situation is a lower admission price to theaters. And that's what interests the movie fans most directly.  
Carl Laemmle, president of Universal, recently issued a statement to the effect that business would be much better if theaters reduced their admission prices. One Detroit theater cut its price in half and quadrupled its patronage.  
Reports from Hollywood say that Fairbanks, Pickford and Chaplin are opposed to lower admission charges, which would mean exhibitors would pay lower rentals for films. A new alliance of leading producing stars who insist on present rates of rentals and admissions is imminent.  
Many of the larger producing concerns are cutting costs of production for the coming year, so that rentals may be lowered with a consequent decrease in admission prices.  
The economic phase of this situation is not the most important. Many of our big films now are not artistic because they cost too much. The cost of them is emphasized and often they are vulgar rather than artistic.  
Theodore Roberts has a thousand wigs, but finds no use for them. He collected them during his years on the stage. They passed muster be-

Charles De Roche as a Gypsy in "The Law of the Lawless" in Theodore Roberts in One of His Thousand Wigs.

"The Headless Horseman" an adaptation of Washington Irving's "Legend of Sleepy Hollow" is the attraction at the Quilna theatre. Also Patho Review, Quilna News and a Buster Keaton comedy, "The High Sign."

KILL PAIN QUICK WITH TURPENTINE  
Turpo, the Turpentine Ointment, drives away lumbago as if by magic! No more stiff, aching back! No more swollen muscles, drawn tendons! Turpo smooths away the pain. Gets right down deep and drives it out! Almost at once it steps those sharp pains that shoot.

Science says that nothing penetrates as quickly as turpentine. Now discover, Turpo combines all of turpentine's mysterious penetrating power with other wonderful healing agents. With such amazing quickness does Turpo act that when rubbed on the chest or throat a faint scent of turpentine can actually be noticed on the breath. Will not blister, burn or stain.

Turpo breaks up rheumatic pains, lumbago, colds, sore throat, pleurisy, catarrh and neuralgia.

Don't suffer! Don't neglect! Kill pain QUICK with Turpo—the Turpentine Ointment, containing those other old reliable, Monarch and Camphor. Get Turpo today from your druggist—25c and 50c a jar.

For Every Purpose

Healthful, comforting heat instantly available—That is one of the many advantages of Radiantfire, the revolutionary invention in gas heating appliances.

Use it as a portable or stationary fire wherever you need extra heat. Install one in your fireplace and forget the furnace in the cold days of Fall and Spring.

A positive economy, it burns for hours at the cost of a handful of coal.

Odorless, ashless, smokeless, dustless—a model to suit every need and pocketbook. Investigate today.

MOVIE TONIGHT:—  
Marcia Manon is to be starred in "The Dice Woman."

Three of the old Chaplin comedies soon to be re-released are "Dough and Dynamite," "Caught in a Cabaret" and "His Trysting Place."

Doug Fairbanks is planning to film a Grecian story laid in the time of Pericles. Edward Knoblock is working on the script.

Sidney Franklin has been signed by Joseph M. Schenck to direct Constance Talmadge in her next feature, which is now being prepared by

Anita Loos and John Emerson, who will be cast in a French story of the Napoleonic period. It will be released by Associated First National.

William Desmond is featured in "The Phantom Fortune."

You Big Stiff  
KNEE—Watch Your Finish

Stiff, swollen, inflamed, rheumatic joints should be treated with a remedy made for just that purpose only.  
Remember the name of this new discovery is Joint-Ease and it will take out the agony, reduce the swelling and limber up any troubled joint after ordinary cure alls have miserably failed. Just rub it on—see a tube at Green's Public Drug Store and all druggists—ask for Joint-Ease.—Adv.

"DON'T GET UP NIGHTS"  
Says Battle Creek Man, Had Bladder Trouble Three Years.

R. D. Nebelt, 10 Oak St., Battle Creek, Mich., says: "Before taking Lithiated Buchu (Keller formula) I had to get up nights from three to five times. My back hurt me until I could hardly be still. My bladder bothered me most of the time. After three years, I am now completely cured. In two days I was feeling like a new man. Now I am doing real heavy work and feel that it is my duty to write you these words of thanks."  
Lithiated Buchu (Keller formula) acts on the kidneys and bladder similarly as Bismarck salts on the bowels. It often removes abnormal deposits which cause irritation. Try a few doses. Frequent desire at night, scanty, scanty or high-colored urine. Lithiated Buchu (Keller formula) is not a cheap medicine. They cost so much, and contain several drugs which are useful to relieve setting up nights. Learn all about Lithiated Buchu (Keller formula) at Hunter's 3 Stores, and drug stores everywhere, or write Keller Laboratory, Mechanicsburg, Ohio.—Adv.

Autosuggestion Explained on Screen

EMILE COUE, disciple of autosuggestion, whose theories have taken the world by storm and whose books are being printed in hundred-thousand editions in America and Europe, has given his message to the world in a two reel Educational Pictures Special, "The Message of Emile Coue" which will appear at the Sigma theatre Sunday.

Millions who have been unable to attend the lectures and clinics of this noted Frenchman will give the opportunity of seeing him expounding his theories of self-healing thru the medium of the screen. Those who attended the lectures have gained no better knowledge of the subject than will those who witness the screen presentation. Mr. Coue, whose day, by day, in every way, is growing better and better, has become the daily slogan of millions, whose the screen as the medium for universal dissemination of his message of hope.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-Four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if a full pill bottle of Allorin, the purest and best of all, does not show the way to stop agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.  
Allorin has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allorin, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allorin does completely conquer this worst of all diseases, and he has extracted druggists to guarantee it as above in every instance. Green's Public Drug Store can supply you.—Adv.

Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing my prescription No. 777 (known for years as Marshfield) for kidney and bladder troubles, and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have swollen floating, before the eyes, puffy eyes, clumsy feet or moist palms, headache or dizziness, you ought to get a bottle of Dr. Carey's famous prescription No. 777 right away.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.  
NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great prescription No. 777 cured thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at Hunter's Drug Store and Thompson's 3 Drug stores and all reliable pharmacists the country over.—Adv.

## SHORT SHAVINGS

Column of Anecdotes About Home Folks

What is the funniest experience that ever happened to you? Write one letter, and send it to the Short Shavings Editor of The Lima News, for the best one will be chosen. The winner will pay \$1. Full names and address must be signed.

Dolores East, 1426 W. North-st., writes: "While my brother was walking down Market St., he overheard a small boy say to an old man with a beard, 'Say, are you Santa Claus?' The man laughed and said, 'No, why?' Well, I tried the boy, 'How'd you come over that false face then?'"

Mrs. N. A. Kelnar, Menden, tells about her small son, who after coming and brushing his hair for some time, came to her and said, 'Ma'am, does my hair look like papa's now?' Not wanting to disappoint the child I told him it did. Feeling up at his head he said, 'I don't believe it, cause I can't find the hole in it.'"

A Dorsey, 222 E. Pine St., relates the following about a candidate for sheriff of Allen Co., who was out looking for votes in the suburbs of Lima. He went into a house and talked to a woman about voting. She said her husband had promised to vote for him, also to persuade her husband to go likewise. As he was leaving the house five or six very dirty children came running to him. He was very kind and picked up the children and kissed them, telling the woman what a lovely family she had. She laughed and said, 'I have no children, they are the neighbors'. And the worst of it was, the parents of those children had no vote," says the candidate.

As the bright glare from the headlights on the auto of Dr. D. J. Clark, Dolphos osteopath, pierced the

## A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is simple and very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops, and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat trouble, bronchial asthma or winter coughs. To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Payne, Ala.

midnight blackness recently, while he was proceeding along a road south of the city, a black cat who, out from the side of the road suddenly and crossed in front of the machine.

"Wow," exclaimed Clark "it's a good thing we haven't got a colored man along or we surely would have to turn around and go back."

In going over the quorum handles people sometimes hand their fellow men, none has more cause for rejoicing in this happy possession than J. O. Allinger, member of the Dolphos board of education.

Allinger is popularly known as "Louis," but recently while signing a legal document he brought out the fact that his first name is Lane. Nobody probably would ever have discovered it had he not sometimes been asked to write his name in full.
